FORM FOLLOWS PERFECTION

FORM FOLLOWS PERFECTION

Three words that change how we think, create and produce: Form Follows Function. It is a principle that equates to a revolution. No form and no function can be considered in isolation. What distinguishes AXOR is greater. Not ending the developmental process until there's nothing left to be added or removed. Until the product is more than the combination of form and function. With this aspiration in mind, we develop, design and produce taps, showers and accessories. For bathrooms and kitchens. With the world's best designers. Full of pioneering innovations without compromises. In perfection.

axor-design.com

THE STRIVE FOR
PERFECTION.

Moving boundaries. Overcoming technological limits.
Perfecting ground-breaking developments. AXOR is the
ultimate. The decisive extra. Of perfect quality and precision.
Leading the way through our manufacturing processes.
Opening new horizons and striking out in new directions.
Combining state of the art technology and craftsmanship. To
turn ground-breaking products into reality. Enabling the ideas
of globally renowned designers to find their perfect form.

AXOR perfection is quantifiable. In parts per million. Hundreds
of thousands of flawless mixers, showers and accessories put
themselves against a single deviation. Imperceptible. Yet still
reliably identified. Each product is a perfect image of the ideal.
In the eyes of the most experienced AXOR experts. And in the
inspection reports of the measuring devices.

Fire. Counterpart of water. The source of each AXOR mixer. Liquid brass bars flow out of stone pipes. Are cast in forms. An archaic moment. Like a volcano. 1000 °C of hot metal wraps itself around a grain of sand. For inner cavities which are every bit as perfect as the surfaces. For maximum durability and minimum noise levels in operation. Every flow area individually designed. Perfect. No compromises. Like the element water itself.

Once cooled, the machines chisel out elaborately detailed contours. Cut screw threads and fits. Trim and polish. Controlled by artificial intelligence. Every step of the process is a masterly demonstration of perfection. Where technology reaches its limits, humans take over. With years of experience, instinctive feeling and power. And years of experience. Every movement practised a thousand times over. With acute awareness for every detail of every product.

AXOR surfaces have depth. In particular, the polishing is a fine art. It is the many production paths which produce perfection in every form. Humans and machines join forces to prepare the way for avantgarde. Trendsetters for water design.

Up to 38 dives. Two hours. Exactly 0.4 μm chrome.
Perfection in electrolytic bath galvanisation. Perfectly
coordinated. With the necessary patience. For
unique quality. Chrome adds glamour and shine to
AXOR products. Durability. Desirability. Perfected
through an exceptional instinct for finishing touches.
Making surfaces gleam. Sensual to the touch.

Luxury at AXOR means fulfilling personal wishes. Engaging with preferences. And architecture. Individualisation par excellence. An example: AXOR FinishPlus special surfaces. Hardened and given shine in the vacuum of PVD chambers. Physical vapour deposition. Zirconium atoms vaporise. Attach themselves to the chrome surface.

Change the structure, the feel, the colour. Add an amazing shine and new colour to the object. And make it more robust in the process. An exclusive finish in 15 special colours. Completed by expert hands. From polished red gold to brushed black chrome. Each single colour results from intense development.

Adding a finish to the surface isn't enough. AXOR also changes the shape. On request, and by hand. Customised for preference or necessity. Each mixer as precise as its standard counterpart. Whether it's the distance from the wall to the sink which necessitates an extension. Or a desire for modified tap handles. A unique mixer as an expression of a unique personality. Including initials or a signature. Manufactured by the most experienced and qualified AXOR experts. By hand. In perfection.

Besides perfection in manufacture and finishes, AXOR works on principles: Everything starts with an idea. Developing these ideas authentically is what turns ingenious ideas into ground-breaking products. Iconic products for the sink, shower or bath. With radical twists. Invisible to the human eye.

Timeless. And always a challenge for the AXOR research and development teams. Construction processes are as elaborate as the designer's ideas. Both come together in the AXOR headquarters. Leading development expertise and the inspiration of globally renowned designers.

AXOR Starck

AXOR STARCK

AN ARCHETYPE.
IN PERFECTION.

29

AXOR Starck is the realisation of a perfect idea. An interpretation of historical well pumps. An archetype. Familiar in form. Uncompromising in function. A statement of reduction. To the essence. Towering over bathrooms everywhere for more than two decades. AXOR Starck was

more than a stroke of genius. AXOR Starck is a milestone in bathroom design. And is seen as a design classic today. In perfection.

Design: Philippe Starck

Minimalism, right down to the mixer handles.
AXOR Starck mixers are simple to use. Consistent,
like the design. With single lever mixers.
Classic feather handle. Or modern pin handle.
Containing joystick technology. With ultra-slim
cartridges. A revolution in 1994. Developed in
honour of reductionism. Form Follows Perfection.

Perfecting the original state. Like the AXOR Starck shower column with generously sized overhead shower, integrated thermostatic mixer and baton hand shower. Simple forms, combined in an uncompromisingly minimalistic manner. A circle. A cylinder. A bar. Combined to create a work of beauty.

The archetypical shape with diagonal spout. Linear. Clear. Original. AXOR Starck for the bath. Water flows like from a classic water pump. Resolutely interpreted in a floor-mounted mixer for freestanding baths. Luxury in minimalistic form. In perfection.

AXOR Starck Organic

AXOR STARCK ORGANIC

SENSE AND SENSIBILITY.
IN PERFECTION.

41

Sense and sensibility. In perfection.
Modelled on nature. In its sheer
beauty and efficiency. AXOR Starck
Organic combines both in a resolutely
avant-garde design. With a sculptural
appearance. In sensually organic forms.

In water design. In its minimalistic use of
resources. As nature would have intended.
In perfection.

Design: Philippe Starck

42

Sensual and powerful. Facets of nature. AXOR Starck Organic invokes beauty: a branch, a drop of water. Tap handles melt with the body to create an organic whole. Water volume and temperature are separate - an exceptional concept for water regulation.

The mixer shower spray is innovative. Enabling people to experience the sensuality of water. As a soft tingling on the skin. Consistently minimalistic approach to water. Using just 3.5 litres of water per minute, AXOR Starck Organic sets new standards in the bathroom. Winner of the Green Product Design Award.

Taking a bow to nature. In organic design. Exciting down to the last detail. The AXOR Starck Organic shower set. The diverter for the baton hand shower has a flowing design. Both the handles and the thermostat are consistently organic in design: like natural drops of water.

Sculptural. Organic. The extravagant floor-standing thermostatic bath mixer. With innovative controls. Water flow is regulated in the spout. The temperature is regulated via a separate handle. Energy-saving thanks to pre-set temperature. Sustainable and user-friendly for excellence.

AXOR Starck V

AXOR STARCK V

THE MAGIC OF
TRANSPARENCY.
IN PERFECTION.

49

Water releases energy. Boldness channels it into a fascinating form: AXOR Starck V. With its glass body. As a lavish eye-catcher. With a distinctively organic sculptural form. Revealing a vortex, a veritable

spectacle of nature. In all its strength and glory. Vital and elemental. A revolutionary idea. In perfection.

Design: Philippe Starck

51

Extravagance in manifold facets. In design. As in the materials used. Crystal. Polished like a diamond. Classically elegant. Or a porcelain spout. An expression of modernity. The spout can be replaced. Removed from the base with a simple click. For personal combinations. Just like the mixer handles. Integrated, or as separate pin lever. Placed wherever you wish. Individualisation maximised: the base in one of 15 exclusive AXOR FinishPlus special surfaces.

AXOR Citterio

AXOR CITTERIO

STRIKING AND BRILLIANT.
IN PERFECTION.

57

AXOR Citterio brings together the best in a single collection. Corners, edges and abundant surfaces. They set the perfect stage for the fracturing of light. Expansive radii. Forged with precision. These elements make the collection into

a masterpiece of 1930s neo-classicism. And into a monumental design object on the washbasin. In perfection.

Design: Antonio Citterio and Toan Nguyen

58

A monument. On the washbasin. A design with angular and rounded shapes. With ultraglossy surfaces and soft, perfectly crafted radii. Particularly striking: the handles. Angular. Precise. As cross handles. Or as single lever mixer.

AXOR Citterio makes a striking statement. Charismatic appeal for the bathroom. This masterpiece is a true gem in any one of its 15 exclusive AXOR FinishPlus special surfaces. Brushed or polished. From gold optic to black chrome.

Luxury in the shower. AXOR Citterio shower heads. Special experience with the shower pipe. Invoking elements of striking neo-classicist style. With thermostatic mixer, plate overhead shower and three water stream settings in the hand shower. RainAir, Rain or WhirlAir. From soft to pleasant to powerful. A trilogy of water. In perfection.

Impact. On the bathtub. The perfect example: the AXOR Citterio four-hole bath mixer. Maximising space. And charisma.

AXOR Citterio E

AXOR CITTERIO E

A SYMBIOSIS OF OPPOSITES.
IN PERFECTION.

65

A symbiosis of opposites. In perfection. Harmony occurs in the calm balance of opposites. And thereby perfect beauty. As the Pythagoreans discovered in ancient times, the essence lies in finding the right proportions. AXOR Citterio E perfects the beauty of proportions, combining round and

angular elements. With the new and the familiar. With the classic and the contemporary. Balanced right down to the last detail. In its design. And its feel. To create taps and showers of timeless elegance. In perfection.

Design: Antonio Citterio

66

Tapered. Angular. Round. Three different basic designs create a harmonious whole. With tapering surfaces and handles. Quadratic escutcheons. And circles. Invoked in each tap. The result is timelessly elegant. That's what the E in AXOR Citterio E stands for.

A symbiosis of opposites. Designed according to the laws of harmony. Which say that beauty is born of contrasts. The modern, tapering spout in combination with classically designed cross handles. A modern lever and traditional mixer design. Contrasts in perfect harmony.

68

Ideal interplay. For perfect elegance. In the shower. A harmoniously balanced ensemble. Consisting of overhead shower and thermostatic module. AXOR Citterio E stands for elegant showers. In combination here with the AXOR overhead shower 460/300 2jet.

A textbook example of luxury: the AXOR Citterio E thermostatic mixer for free-standing baths. User-friendly. Intuitive reverse function. And integrated shower holder. Elegance in perfection.

AXOR Citterio M

AXOR CITTERIO M

SYMBOL OF URBANISATION.
IN PERFECTION.

73

The city - living environment of the future. The modern skyscrapers - the perfect urban building type. Defined by International Style, the first avant-garde architectural movement. Clear and simple. Free of frills and flourishes.

Like AXOR Citterio M: sophisticated and elegantly superior. On the washbasin. At the highest level. In every regard. In perfection.

Design: Antonio Citterio and Toan Nguyen

Elegant. Perfectly proportioned. AXOR Citterio M is the aesthetic answer to urban life. Quiet and discreet - perfect for sophisticated bathrooms. A daily retreat for the hustle and bustle of the metropolis.

Slimline. Clear. Filigree. Design as the perfect answer to showering for discerning individuals. Fully in line with contemporary urban design: AXOR Citterio M shower solutions with modern technology. With thermostatic mixer and valves. Innovative hand-held shower. Minimalistic overhead shower. The revelation of a water spray trilogy.

Luxury reveals itself in the details. Such as the levers on the four-hole bath mixer. Classic elegance. Contemporary functionality. Sensual to the touch. The handles in the shape of a split pebble - gentle, flat on top, rounded underside. That's perfection down to the smallest detail.

AXOR MASSAUD

NATURE AND ITS ELEMENTS.
IN PERFECTION.

83

Water. The principle of all things. Source of well-being and composure. Even more in its natural form. As a sensual waterfall. Like AXOR Massaud. The collection perfects the connection between people and nature. Consistent with the principles of organic architecture. A look radically

inspired by the elements of nature. Demechanised. To celebrate the moment - with water rather than with fittings. In perfection.

Design: Jean-Marie Massaud

Organic designs. Magic and emotion. A blade of grass.
The surge of a natural waterfall. Source of tranquility and
contemplation.

The wide, flat shelf is characteristic. Intensive research is hidden
inside. Precise construction methods in minimum space – diverts
the flow of the water in parallel streams. For a perfect waterfall
at the washbasin. Resource-efficient. With a water flow of
4 litres per minute. A masterpiece for the bathroom. Or an
eye-catcher for the wall.

Nature in the shower. Softly flowing handles.
Seamless transitions. Geometric surfaces.
Consistently organic, right down to the thermostatic
mixer and the shut off valves in the shower.

Uncompromisingly organic. Free-standing bath. Dip
in like a lake. With the floor-mounted thermostatic
mixer as a waterfall. Magic. Luxurious. A statement
in the bathroom.

AXOR Urquiola

AXOR URQUIOLA

ECLECTICISM.
IN PERFECTION.

91

An expert interplay between references and symbols. From different epochs. And different cultures. Consciously combining forms. To create something unique. AXOR Urquiola embodies that eclectic design principle. In form: unadjusted asymmetries and abundant surfaces.

In finish: through intricately carved out details. Sensual yet functional. The fine art of blending styles. At all levels. In perfection.

Design: Patricia Urquiola

92

Non-conformist. Extravagant. Stylish.
Down to the smallest detail. Immense radii
on the handles. Combined with a clear
basic structure. Surprising shapes, crafted
with precision. Inside and outside. On
every surface. On every rounded edge.
Perfection you can feel. Always exciting
to look at.

Excitement in every variation. The
impression: headstrong. The
craftsmanship: precision and perfection.
Like the wall-mounted single lever basin
mixer. An unmistakable representative
of an inimitable style mix.

94

Stringent style mix. Each element represents an entity in its own right. Of generously sized surfaces and flowing shapes. From the shower mixer through to the thermostats. Picking up perfectly on the design principle in the shower.

The great art of non-conformity. Combined to create a masterly ensemble. In the floor-mounted thermostatic bath mixer. Like a sculpture. And the bath itself. A free-standing beauty, inspired by times past. An archetype. Reinterpreted.

AXOR Uno

AXOR UNO

PURISM.
IN PERFECTION.

99

Simplicity of forms. The aesthetics of construction. The original purists let things speak for themselves. AXOR Uno perfects purism. With pipes, the most elemental means of transporting water. Simplest design. Perfectly executed. Subtly raised to the golden ratio. This

ascetic form exudes a unique radiance. At the wash basin. In the shower. At the bathtub. Radically functional. Radically purist. In perfection.

Design: Phoenix Design

The elevation of purism. The floor-standing basin mixer - sculptured to perfection. Refined with the exclusive Polished Brass AXOR FinishPlus special surface: elevation one step further.

103

The innovative Select technology is perfection itself. It opens and closes the mixer at the touch of a button.

Operation reduced to the bare minimum: on and off. Separate from the temperature handle. As with the single-lever basin mixer. With the operating button on the spout at the front. Purity in its finest form.

The epitome of floor-standing mixers: AXOR Uno. Purism in its purest form at the free-standing bathtub. With separate or integrated operation.

AXOR Carlton

AXOR CARLTON

NOSTALGIA.
IN PERFECTION.

109

Opulence and pleasure. Embodied by the spirit of the Golden Twenties. Like the glamorous grand hotels. Created with a strong art deco influence. Shaped by decadence and glamour. At the head of them all: the legendary Hotel Carlton in Cannes. Favourite stage of the gilded youth. The essence of joie de

vivre. AXOR Carlton is this opulence in perfection. Magnificent shapes. Slightly swaying. Material-intensive. Nostalgic taps, showers and accessories recalling a time when luxury was more than mere lifestyle. In perfection.

Design: Phoenix Design

A masterpiece of opulence. A timeless tribute to the golden twenties. With lavish curves. An interplay of tapering and weighty shapes. Voluptuous. Yet elegant. Perfectly proportioned. The mixers with contemporary single-lever handles, just like the counterpart with classic cross head knobs. Weighty yet gentle.

Characteristic details: elegant porcelain applications with tradition insignia for cold and hot. Authentic. Nostalgic. A work of art.

113

Authentic. The classic showerhead.
Curvaceous design. Soft contours.
Perfectly crafted – polished and finished
by hand. The shower ensemble harks
back to its classic role model. Bathrooms
in luxury hotels. Nostalgic in design,
state-of-the-art engineering and comfort.
As reflected in the modern thermostat

technology for easy regulation of water
temperature.

Bathroom design based on classic
archetypes. Extending as far as the bath.
With stylish cross handles. Opulent down
to the last detail.

AXOR Montreux

AXOR MONTREUX

AUTHENTICITY.
IN PERFECTION.

117

The turn-of-the-century epoch. Symbolising a new departure, technical progress. A wealth of culture. Immortalised in the grand hotels of Europe. And in Montreux, the legendary spa resort at Lake Geneva. The AXOR Montreux collection is steeped in this same tradition. Mixers, showers and accessories - in the design

of the first ever industrially manufactured bathroom fixtures. Classic low-spout or modern high-spout design. In combination with outstanding technology and functionality. With no compromises. In perfection.

Design: Phoenix Design

118

The evolution of industrial design: On the washbasin. Authentic aesthetics. Like the turn of the century. Pipes connected with screw nuts. AXOR Montreux comprises both: low spouts which hark back to the design of the first industrially manufactured mixers. And new iconic designs with high spouts.

One handle, two variants. Contemporary interpretation for the levers. Classic cross handles. Both versions share one thing in common: a consistent perfection of designs from the early twentieth century. A particular eye to detail: porcelain applications with authentic writing.

121

Simplicity in function. Authentic showers. The AXOR Montreux showerpipe. Exterior: Industrial design. Interior: State-of-the-art functionality. With the latest thermostat technology. And clearly separate controls for showerhead and hand shower. Obligated to technological progress. As during the Belle Époque.

Traditionally innovative. On the bath. The mixer. Unmistakeable. Reflecting its classic role model to perfection. In industrial design. Traditional statement for free-standing baths. In perfection.

AXOR Showers

AXOR SHOWERS

THE ULTIMATE FOR THE SHOWER. IN PERFECTION.

127

Avant-garde in design. An immaculate sense of space. A captivating water experience. AXOR products are the ultimate in shower design. A homage to the precious element water. Every drop is perfectly shaped. Precisely. Revitalising, energising, powerful. Or gentle, enveloping and sensual. A perfect design object for the body. And the soul. And the room. Making the shower a place to be savoured. Luxury. In perfection.

AXOR showers comprise overhead showers, hand showers, side showers, shower systems and thermostats. In a variety of shapes and sizes. High quality. Made of metal. With one or more spray modes. In chrome or refined in 15 exclusive AXOR FinishPlus special surfaces.

Design: Philippe Starck, Phoenix Design, Nendo, Front, Barber & Osgerby

Unique. In every dimension. The AXOR ShowerHeaven 1200/300 4jet. A new archetype in the shower. With maximum appeal. Scope. A grand stage for water. A grand stage upon which water assumes a variety of forms: from revitalising jets to soothing shower rain. Including the gentle PowderRain – the latest AXOR innovation in water design. Precisely distributed drops. Gently enveloping. A cocoon of pure water. An elegant ballet. Borne of precise technology. That can be adapted optimally to the user. In perfection.

The technical counterpart to the element of water. The AXOR Select thermostat module. Clear in appearance, impressive in performance. Timeless, elegant. Perfect integration in the room. Intuitively easy to use thanks to its large Select buttons. For three to five outlets or spray modes. Precise control at the push of a button. Purely mechanical. With integrated thermostat and porter unit. Monumental in combination with AXOR ShowerHeaven.

Every element is luxury squared. Geometric - minimalist design. The AXOR ShowerCollection is a system. One that can be set up and combined with maximum flexibility. Vertically and horizontally. Or arranged unconventionally on the wall. With three spray modes in the large overhead shower. A shower that serves as a customised spa for individual water orchestration. Especially impressive when combined with AXOR ShowerHeaven 970/970.

132

The epitome of luxury: the AXOR 350 1jet overhead shower. The majesty of the circular design captures the room. Its edges finely milled and turned. Superior craftsmanship in pure metal. The AXOR overhead shower 350 1jet comes with the spray innovation PowderRain. Enveloping the body in fine drops. Like a cocoon. A masterpiece of design and water.

Interaction as a design principle. AXOR One fuses form and function to make a confident statement. A monolithic control element in the shower. Flat. Soft. Planar. Just the bare necessities. Large paddles control the shower jets. With innovative Select technology. For operating the shower jets intuitively.

AT SIX HOTEL, STOCKHOLM

THE RENAISSANCE OF A GLAMOROUS ERA.

142

Bespoke retreat for connoisseurs. Prestigious location in the former trade district of Stockholm. Once a meeting place for the high society of the 19th century. Petter Stordalen, rock star of the hotel industry, brings grandeur back to Brunkebergstorg. Collects prize examples of international art. Impressive example: the oversized Almerfa marble bust at the foot of the staircase in the lobby. A masterpiece by the Catalan artist Jaume Plensa.

The Masterpiece Suites celebrate a special monumentalism. A combination of cool and hard materials, subtle and dark colours. An atmosphere which exudes charisma. Clear and masculine. Right down to the bathrooms. Marble, blackened steel, polished granite set the perfect stage for mixers and accessories by AXOR. Exquisitely finished in brushed bronze.

AXOR Citterio mixers predominate at the washbasin and free-standing bath. Fittingly with rough edges. They provide an elegant continuum to the monumentality of the room. Particularly in combination with AXOR Universal Accessories. Masterpieces for the wall. Rooms which make a powerful impact in their entirety.

SPA IN THE FRUTT FAMILY LODGE IN THE SWISS ALPS.

GOLDEN MOMENTS.

A resort like a rock. One with the surrounding mountain panorama. Situated on a high plateau in the Swiss canton of Obwalden. 1,920 metres above sea level. An oasis for travellers all year round. But particularly in the winter when the mountains are covered in a magical white.

The spa forms a pleasing contrast to the winter landscape. Located spaciouly at the base of the building complex. Perfectly mysterious. Cut off from the outside world. A spa area that calls to mind oriental hammams. That plays with light and shade. With both darkened nooks and light-flooded areas.

Here is where AXOR mixers and shower jets truly make their mark. Refined through special surfaces. In brushed gold. Fitting well in a spa context is the well-like AXOR Starck V mixer with its characteristic vortex. Adding the perfect finishing touches to the shower areas is the AXOR LampShower. Bathing users in a sensual light. The overhead showers are accompanied by AXOR Citterio thermostatic mixers with cross handles. Like a precious gem on the wall.

A perfect space that already exudes relaxation. Soothing the soul. Creating an unmistakably warm atmosphere. Enhanced by an AXOR FinishPlus special surface. A uniform touch of colour that gives off endless radiance.

TEN THOUSAND, LOS ANGELES

EPIC LIVING.

A prominent address in the heart of Los Angeles: 10000 Santa Monica Boulevard. The gateway to Beverly Hills. Elegant living in the stately luxury residence tower. Spaciously spread over 50 floors. A breath-taking 360 °C panorama. From the Pacific to the Hollywood Hills to downtown Los Angeles. Spectacularly presented through ceiling to floor windows. "Elevated living" - a consistent maxim for the luxury tower. Prestigious and elegant. From the lounge through to the private spa and valet parking.

Superb: the master bathrooms. Designed as private havens of peace. High end, with premium materials. Such as marble and natural woods. Luxurious, with free-standing baths. Perfected with AXOR Citterio taps. Monumental, in neo-classicist style. With extreme shine. Imbibes the washbasin and bath with amazing charisma. A room in which contemplation can be celebrated to perfection.

YOO APARTMENTS, PANAMA CITY

THE AVANTGARDE OF LIVING.

YOO is luxury living for unique locations. Worldwide. Each apartment is unique. Situated in an extremely prestigious location. The YOO Apartments Panama City are unique on the famous Avenida Balboa. The sixth highest building in Central America. With spectacular views over the bay, the Pacific and the legendary Panama Canal.

149

A showpiece of avantgarde. The interiors of the 256 lofts and penthouse apartments are unique, colourful, eccentric. As is the lobby, set over two floors, the 300 m² roof garden pool and the premium class spa. Modern icons, opulent chandeliers and stand-alone objects encounter each other with confidence. Create a unique ambiance. At the highest level. The audacious interior design for which interior architect and designer Philippe Starck has gained global acclaim.

The masterly bathrooms add the perfect finishing touches to this unique location. Perfectly in line with the AXOR Starck bathroom collection. Consistently emphasise the overall avantgarde character of the luxury skyscraper. As icons of bathroom design. As archetypes. As minimalist classics in the eclectic whole.

AXOR TECHNOLOGIES

INNOVATION. IN PERFECTION.

Pioneering ideas. Shaping water into invigorating jets. A sensually enveloping cocoon. Making it exquisitely comfortable to use and easy to clean. Promotes a responsible use of water. AXOR technologies are the results of intensive research and development. Made in Germany. In perfection.

150

AirPower technology:
Air-enriched water creates full-bodied drops that fall gently on the skin.

PowderRain technology:
Silicone nozzles with finest openings distribute the water in an exceptionally fine and enveloping form.

QuickClean technology:
Limescale residue can be removed quickly and easily thanks to the flexible silicone nubs.

XXL performance:
Distributes the water via the large spray disc. The water surrounds the entire body.

EcoSmart technology:
Mixers and showers consume up to 60 percent less water than conventional products.

Select technology:
The Select button in the shower is used to switch between spray modes or shower jets, and to turn the mixer on and off.

ComfortZone:
Defines the individually usable space between washbasin and mixer. The greater the ComfortZone, the more varied the possible uses.

CoolStart technology:
Cold water flows automatically when in the neutral handle position.
