## BLUSHING BIRDS COLLECTION

East meets West in this new collection.

We are inspired by the landscape and craftsmanship present in both areas. Influences from each culture create exciting new contrasts and wonderful blends in this design. Tropical birds and other exotic species are combined with classic and Pip's fantasy flowers. The unique combination of porcelain, wood structures and textiles go together beautifully on every table.

The Blushing Birds collection includes tableware, kitchen- and table textiles and home accessories.

## ROYAL COLLECTION

The Royal tableware collection features unique shapes and delicate porcelain. The pieces include elements from historic tableware – vintage flowers, blue painted blossoms, branches and golden details – that adorn the artwork in keeping with the shapes and use of the items. Modern print techniques have been used to bring together old and new in this collection.

After a visit to the Rijksmuseum in Amsterdam, the finishing touches were put on the artwork and the result is abundantly clear: these are new old classics! Royal tableware goes together beautifully with Royal White tableware.

The Royal tableware collection also includes kitchen- and table linens and glassware.

## ROYAL WHITE COLLECTION

The Royal White tableware collection is the response to a desire to honor our Dutch origin and create a more serene edition of Royal tableware. Made of the same delicate porcelain its artwork consists exclusively of serene white porcelain with blue and golden floral scenes, alternating with golden graphic elements, all of which are also found in the Royal tableware collection.

Royal White tableware is therefore the perfect match for the original Royal tableware collection and also includes kitchen- and table textiles and glassware.

## FLORAL COLLECTION

The Floral tableware collection consists of a variety of patterns designed to mix & match, and create a unique interplay through the applied artwork.

The collection contains three colour groups: pink, khaki and blue, and they can be combined endlessly within the colour group and between the colour groups.

The Floral tableware includes a range of kitchen- and table textiles, glassware and a cutlery.

The Floral collection also includes a range of cushions and vases.

# GUIDELINES

To enjoy your Pip Studio products till the end of times, we recommend the following Care & Use Guidelines:

## GLASSWARE

- 100% food-safe;
- Not dishwasher-safe due to the golden decorations, hand wash only in warm water.
- Do not rub design abrasively;
- No soaking in water;
- Don't use abrasive detergents.

## TABLEWARE

- Material: A-grade white porcelain;
- 100% food-safe;
- Not dishwasher- and microwave-safe due to the golden decorations;
- Always wash any new purchases before first use, in a mild solution of liquid detergent;
- Use liquid detergent;
- For tea/coffee stains, use a specialized stain remover;
- Use only a soft sponge - metal or abrasive scouring pads can scratch the surface or leave permanent marks;
- Plates can scratch one another, so do not put too many in a sink at one time;
- Don't use abrasive detergents.

## CUTLERY

- The stainless steel part quality is 18/10, meaning it contains 18% chrome for durability and protection against corrosion, and 10% nickel for lustre and resistance to high temperatures. The knife blades contain 13% chrome and no nickel, ensuring a longer lasting, sharper edge;
- The porcelain part is A-grade white porcelain;
- 100% dishwasher-safe, food-safe, excluding enamel elements;
- Before the first use wash in lukewarm soapy water, rinse and dry thoroughly with a soft towel;
- Wash separately from silver and sterling silver plated cutlery - any contact while wet can result in a chemical reaction that can damage the silver;
- Always rinse your cutlery before placing it in the dishwasher; prolonged contact with certain consumables, e.g. salt, vinegar, eggs, tomato and certain acids, can cause pitting and staining;
- A higher chromium content gives stainless steel knife blades the necessary sharper edge: however, this also makes them more susceptible to corrosion. Please take extra care with these implements;
- Never leave stainless steel cutlery to soak or in damp conditions as this can cause staining which will require polishing to remove;
- To restore the cutlery's shine and to remove any staining use stainless steel polish and a soft dry cloth;
- Don't use abrasive detergents;
- Cutlery with enamelled elements are food proof but not dishwasher safe, so handwash only.
