

# Joseph<sup>®</sup> Joseph

Kitchen | Bathroom | Utility | Laundry  
Spring 2022

## It all started with a chopping board.

Twin brothers, Antony and Richard Joseph, grew up in a family with a long history of design and manufacturing. Originally set up by their grandfather in the 1930s, the family business specialised in the production of glass components and the brothers spent part of their summers working in the factory.

In 1999, having both trained in product design, the twins embarked on their early careers. As a sideline to their jobs, and with the support of their father, they utilised the capabilities of the factory in Birmingham to develop their own range of contemporary glass chopping boards.

But what started out as a fun project soon became the seed of a new business idea. After early success with their bold, colourful designs their entrepreneurial spirit kicked in and, in 2003, the Joseph Joseph brand was born.

Whilst glass chopping boards were just the start, the brothers were also designing other innovative kitchenware products and this gradually developed into a broader range of housewares.

What quickly became a key foundation of the brand was a simple observation - many tasks around the home could be made much easier and more enjoyable with a little intelligent thinking. It was this problem-solving approach, and the ability to combine it with a distinctive design aesthetic, that created some of their most iconic kitchenware and has made Joseph Joseph one of the world's most progressive houseware brands.

There's something special about a Joseph Joseph product that sets it apart from the competition. First it engages you with its distinctive design; then it captivates you with its functional benefits; finally, it assures you with its high-quality materials and attention to detail.

Joseph Joseph's ability to blend innovative design, contemporary styling and a distinctive use of colour is unique within the industry. While many brands concentrate on just one of these aspects, Joseph Joseph focuses on the whole user experience - creating products that work beautifully and are a pleasure to have around the home.

Since 2003 the brand has expanded successfully into many product areas and it continues to explore new houseware categories. It may have all started with a simple glass chopping board, but Joseph Joseph is now one of the fastest growing companies in the worldwide housewares market and it continues to earn accolades and awards for its unique, innovative designs.

## Celebrating iconic design

Over the past 19 years we're proud to have created a unique range of innovative products that help to simplify and improve many everyday tasks.

For spring 2022, we're putting some of these iconic designs front and centre, celebrating the bestsellers that continue to wow customers year after year as well as newer products that have staked their claim to be our future icons.

Recent years have encouraged a newfound fondness for the home with people investing more time, effort and money in making it a truly special and better-functioning space. From unique chopping boards to clever waste management, our designs speak to this, revolutionising daily tasks through simple-yet-smart innovation.

From the beginning, our Nest™ collection set the bar high for space-saving kitchenware with its colourful, compact design; our Elevate™ utensil sets with their integrated tool rests have been synonymous with hygienic food preparation and reducing mess; whilst Totem, our award-winning bin, has transformed waste and recycling management in the home with its multiple, flexible compartments.

More recently, the Folio™ Steel range, has taken chopping board storage to a whole new level with a material finish that perfectly complements the modern kitchen worktop; and our Multi-Prep™ salad set has made healthy food preparation so easy with its multi-function design.

Beyond the kitchen, Flex™ toilet brush has revolutionised cleaning with its unique, D-shaped head and anti-drip bristles and we've also taken the pain out of doing the laundry with the launch of Tota easy-empty laundry baskets, and Pocket and Glide, compact ironing boards that can be conveniently stored in small spaces or mounted onto walls or doors.

As designer-makers and problem-solvers, we've always got our fingers on the pulse. Our newly launched hydration range answers the call the live more sustainably, offering reusable water bottles and travel mugs that are designed to be used throughout the day. And Viva, our newest organisation range, is rapidly turning cosmetic chaos into beautiful organisation.

The world has changed dramatically over the past two years with some important themes coming to the surface: the joy of cooking, the satisfaction of neat-and-tidy spaces, the trend towards sustainable living and the demand for simple-yet-innovative homewares.

Here's to that new world, the new season and our trailblazing designs.

*Antony & Richard Joseph*

## Multi-Prep™ 4-piece salad preparation set

Design registered

This clever bowl set features four interchangeable discs for different salad preparation tasks - salad spinning, spiralizing, grating and slicing. Simply insert the required coloured disc into the lid and you're ready to go. It comes with a handy finger guard that helps make the spiralizing and slicing functions safer and features a non-slip base. All accessories stack neatly together inside the main bowl for compact storage.

Hand wash only.

Includes four interchangeable discs for different tasks: salad spinner, spiralizer, slicer and grater

## ChopCup™ Vegetable chopper

Design registered

Make fast work of chopping a wide variety of vegetables with this clever, compact design. To start, simply cut vegetables into large pieces, approximately 6 cm square. Remove the top cup from the base and place a vegetable piece on the base unit. Using the guide arms, slide the top cup back onto the unit and push down. The sharp, stainless-steel blades slice through the veg with ease and the chopped pieces are neatly collected in the cup. Depending on the vegetable, you can either empty the cup or continue chopping more pieces until the cup is full. It's perfect for quickly chopping onions or for making chips or sticks from potatoes, carrots and courgettes. After use the product dismantles for easy cleaning.

Dishwasher safe.

Perfect for chopping onions and making chips or sticks from potatoes, carrots and courgettes

Dismantles for easy cleaning

## Multi-Grip™ Mandoline with precision food grip

Design registered

Video

Precision food grip features three styles of grip

Pinch grip for small items

Centre grip for round slices

Flat grip for longer slices

Multi-Grip™ Mandoline  
(2014) Green  
Dimensions H30 x D5.8 x W10 cm  
(H11.8 x D2.3 x W4 inches)

This handy gadget helps to create even slices of fruit or vegetables quickly and easily, whilst keeping your fingers safely away from its sharp stainless-steel blade. Unlike other mandolines, it has a precision food grip that allows you to slice a variety of items of differing shapes and sizes. It features a pinch grip for small items such as radishes or garlic cloves; a centre

grip for slicing rounds from carrots or cucumber; and a flat grip for creating longer slices from foods such as courgettes or aubergines. It also features three slice thickness, a non-slip tip and an easy-grip handle for safe use.

Dishwasher safe.

## Multi-Grate™ 2-in-1 paddle grater with protective sheath

Design registered

This compact grater features two styles of grating blade in one design, saving valuable drawer space. The coarse blade is ideal for grating firm cheeses and vegetables, whilst the fine blade is perfect for hard cheeses like parmesan and citrus fruits. The paddle design makes it easy to grate directly over plates and the non-slip tip provides extra grip if resting on the worktop whilst grating.

Dishwasher safe.

Ideal for grating a variety of foods such as cheese and vegetables

## Twist Grater™ 2-in-1 etched grater with adjustable handle

Design registered

This versatile grater has been designed to adapt to different grating tasks and foods with ease. Firstly, it has two different styles of etched stainless-steel blade set either side of its grating surface. Secondly, its handle has two different grating positions for maximum convenience.

With the handle locked in the straight position, it's ideal for grating directly over plates and dishes. But when you twist and lock the handle 90° it creates a naturally sturdy shape for resting on the worktop, providing more support when grating larger quantities of food.

It comes with a reversible plastic sheath that protects the blades when stored but can be flipped to allow you to collect and measure grated food.

Dishwasher safe.

Rotate and lock handle to grate larger quantities

## GripGrater™ Paddle grater with bowl grip

Design registered

This handy paddle grater can be used in a variety of ways but it's particularly suited for grating into bowls. It features notches on the underside that hook over the bowl edge, providing excellent stability when grating. An easy-grip handle makes grating directly over food convenient and a non-slip tip provides extra stability if using a chopping board or worktop for support.

Available in two styles of blade - Coarse for general grating tasks and Fine for hard cheese like parmesan or zesting citrus fruit.

Dishwasher safe.

## Handi-Grate™ 2-in-1 mini grater and slicer

Design by Goodwin Hartshorn  
Design registered

This beautifully compact mandoline has razor sharp stainless-steel blades, set either side of its design, for grating and slicing small foods such as garlic, ginger and mini vegetables. The design features an ergonomic handle, a non-slip tip and a sliding finger-guard on one side for added safety when slicing. It also comes with its own protective sheath for safe storage.

## Handi-Zest™ Mini zester with integrated blade wiper

Design by Goodwin Hartshorn  
Design registered

One of the problems with conventional zesters is that it can be tricky removing all that precious zest from their blades after grating. Handi-Zest, however, comes with its own mini blade wiper that neatly collects any remaining zest from the back of the blade. Using the wiper, simply slide the zest along the length of the blade to the hole at the end where it can be easily removed. The design comes with its own protective sheath for safe storage.

Dishwasher safe.

**SafeStore™**  
Peeler with blade guard

Design registered

Reaching into a drawer full of tools with sharp blades is hazardous and blades can also become damaged hitting against each other. Not so with SafeStore™ peelers, however, as they feature an integrated blade guard in the handle. After use, simply slide the guard up over the blade for safe storage. They feature a sharp, stainless-steel blade and a Y-shaped design that makes peeling quick and easy. Available with either straight or julienne blades.

Dishwasher safe.

Collects waste as you peel

**PeelStore™**  
Waste collecting peeler

Design registered

Inevitably, preparing vegetables creates mess. But this handy peeler helps keep that mess to a minimum as each strip of skin is collected inside the handle as you peel. A transparent cover allows you to see when the compartment is full, and you simply slide this open to empty straight into the bin. Ideal when preparing small amounts of vegetables, this peeler saves you lots of clear-up time.

Dishwasher safe.

## Spiro™ 3-in-1 hand-held spiralizer

Design registered

Video

Many spiralizers can be fiddly to use and they often create piles of messy noodles. Spiro™, however, makes spiralizing super neat and easy with its clever, compact design. It comes with two styles of spiralizing blade - coarse and fine - for different noodle thicknesses, plus a handy grating blade. It features a soft-grip lid, for easy turning, and two guide arms that help keep food straight as you twist.

Most importantly, it has a clear base that collects food as you cut - keeping everything nicely contained and your worktop cleaner. After use, the three blades and the lid store neatly together with the base for compact storage.

Dishwasher safe.

## Helix™ Ergonomic food presses

Design registered

Most hand-held juicers and presses require strong hands to operate and their vertical squeezing action can often be awkward to use. With the Helix range, however, the squeezing force is applied horizontally, which is much more comfortable and utilises the power of the shoulders as well. In addition, the unique, twisting mechanism multiplies the force used, which means you get more squeezing power from less effort. The 2-piece design is made from stainless steel and nylon and can be separated for easy cleaning. The Helix range includes a garlic press, potato ricer and citrus juicer.

Dishwasher safe.

## Easy-Mash™ Ergonomic potato masher

Design by Morph  
Design registered

Conventional mashers with their vertical grip can be awkward and inefficient to use. This ergonomic masher, however, features a D-shaped design with a non-slip grip that's much more comfortable to hold. It also transfers the downward force straight through the mashing plate, making short work of boiled potato. Fins on the edges of the handle allow you to scrape around the pan as you mash, ensuring you get every last lump.

## Delta Ergonomic folding masher

Design registered

Conventional mashers can be awkward to store due to their long handle and mashing head that are fixed at right angles to each other. Delta solves this problem as the head can be neatly folded flat after use. Before using, simply lock the mashing head in position with the small sliding collar located on the shaft. After use, slide the collar back up the shaft and secure it at the base of the handle.

As well as being easier to store, Delta is also more efficient to use. Its curved mashing plate is designed to fit better into the edges of a pan, which means more potato is squashed with each plunge of the masher. Suitable for non-stick cookware.

Dishwasher safe.

More compact when stored

## Pivot™ 3-in-1 can opener

Design registered

This multi-function gadget looks similar to a standard can opener but actually features three handy tools in one. Firstly, it has a strong, stainless-steel cutting mechanism that opens conventional cans with ease. Then, by rotating one of the arms 360 degrees, you reveal two further tools - a ring-pull lifter and a bottle cap opener - neatly hidden inside. Not only does this clever design take on lots of tasks, it also saves precious storage space in your drawer.

Wash and dry by hand.

Video

## GoAvocado™ 3-in-1 avocado tool

Design by Griffik  
Design registered

Preparing avocados can be difficult, messy and even hazardous if using a sharp knife. This handy gadget though provides the complete avocado preparation tool, allowing you to open, de-stone, scoop and slice all in one. It features a fold-out plastic blade, a stainless-steel pitter, a curved slicing head and an ergonomic, soft grip handle.

Dishwasher safe.

**Can-Do Plus**  
Can opener with integrated ring-pull hook

Design by Mark Sanders  
Design registered

Can-Do Plus is a clever, compact opener that makes opening most types of can quick and easy. It has a large, easy-twist mechanism that locks itself on to the lid as you start to twist and an easy-release button for disposing of the lid after removal. It features a single, smooth handle for extra support and has an integrated hook at the end for prising up the metal rings on ring-pulls cans.

Suitable for left or right-handed operation. Wipe clean with a damp cloth.

(H4¾ x W4 x D¾ inches)

Non-slip silicone grip

Stores safely in a drawer

Removable blade

Silicone grip reverses to become blade guard

Anti-spill design

Simply twist base to grind

**Milltop™**  
Non-spill salt & pepper mill set

Design registered

Conventional salt & pepper mills often create mess by leaving excess grounds on surfaces when placed down. The simple, elegant design of Milltop™ avoids this problem as the grinding mechanism is at the top of the mill, which means any excess grounds fall back inside the unit after use. The innovative design also does away with a long central spindle for the grinding mechanism, which increases its capacity and makes it much easier to fill. To use, simply invert the mill and twist the base to grind. To adjust the grinding size, simply rotate the stainless-steel top.

Wipe clean with a damp cloth.

Adjust grinding size by twisting stainless-steel top

Easy to refill - simply unscrew base

Milltop™ (95036)  
Dimensions H16.9 x W7 x D7 cm  
(H6½ x W2¾ x D2¾ inches)

### Froach Pods™ Set of 2 silicone egg rings

Design registered

Froach Pods™ are a totally new and healthier way to cook eggs, combining the principles of both frying and poaching into one revolutionary design. These innovative silicone eggs rings feature a small reservoir on top into which you add a few spoonfuls of water. As the water heats up during cooking, it turns to steam which flows across the top of the egg, cooking it to perfection. Meanwhile, the base of the egg cooks as normal on the hot pan but won't stick due to the presence of moisture from the steam. Apart from a small amount of oil needed around the inside edge of the pod, you only need to add water, which means that Froach Pods™ use up to 95% less oil than with typical frying.

Available as a set of two. Dishwasher safe. Only suitable for use with non-stick pans. Full instructions included.

### Dash™ Pestle & mortar with bamboo lid

Design registered

Unlike other pestle and mortars, this stylish design includes a reversible bamboo lid with several functions. Firstly, it helps keep the mortar clean and dust free when stored on a worktop or shelf and features a deep groove on the top to safely hold the pestle when not in use. When removed, the lid can also be turned over and used to place ingredients ready for preparation or even as a small chopping surface. The heavy-weight pestle and mortar are both carved from the same hard-wearing, natural granite, making them perfect for crushing garlic, grinding spices, pounding herbs and making pesto and salsas. As this product is made from beautiful, natural materials, each item produced is unique.

Wash and dry by hand.

### Catcher™ Citrus reamer with pip catcher

Design by Graeme Davies  
Design registered

Ensure you get the whole juice and nothing but the juice with this innovative citrus reamer. With conventional hand reamers, the extracted liquid needs to be strained before use to remove any unwanted pips and fruit pulp. The design of Catcher™ helps eliminate this problem with its soft rubber cup underneath the reaming head, which catches any debris whilst allowing precious juice to drain through.

More comfortable to use than a horizontal hand juicer, Catcher™ is perfect for all kinds of citrus fruit.

Dishwasher safe.

### Dimple™ Non-drip ice-cream scoop

Design by Griffik  
Design registered

Create less mess when serving ice cream with this thoughtfully designed scoop. Firstly, it has a plated zinc-alloy head with a faceted surface which helps release scooped ice cream more easily. Secondly, the tip of its weighted handle is flat which means it can be stored upright between scoops, rather than placed down on the worktop or stuck into tubs.

Lastly, it has a flexible silicone collar that catches any melted ice cream and drips before they run down the handle, leaving you free to enjoy your favourite dessert without sticky hands or worktops.

Dishwasher safe.

## CleanForce™ Garlic press

Design registered

This powerful garlic press crushes cloves with ease and features a wiper blade and a handy scraping tool for easy cleaning. Just pop a clove or two inside the head and squeeze the handles to crush. To remove the crushed garlic, pull the trigger and the blade gently sweeps it free. To remove any remaining garlic or skin inside the head take out the cleaning tool, which is stored

neatly on the inside of one of the handles. This features solid bristles on one side for cleaning the holes in the crushing plate and a curved tip for scraping skin from inside the head. After use, simply clip the tool safely back inside the handle for storage.

Dishwasher safe.

## Clean-Press 2-piece easy-clean garlic press

Design by Goodwin Hartshorn  
Design registered

Clean-Press  
(20067)  
Dimensions H3 x W19.3 x D4 cm  
(H1 x W7½ x D1½ inches)

The unique, 2-piece design of this garlic press makes the task of crushing garlic cloves much easier and less messy. Like a conventional garlic press, whole cloves are forced through a pierced extruder plate by squeezing the two levers together. Unlike conventional presses the two levers can then be separated enabling the top one to be used as a handy scraping tool for removing crushed garlic from the front

of the extruder plate. The remaining skin or pulp can then be removed with the tip of the lever from the extruding chamber. The unit can be washed under running water where its cone-shaped holes prevent any remaining garlic pieces from being trapped.

Dishwasher safe.

Easy to crush

Easy to remove garlic with tool edge

Easy to remove skin with tool tip

## Mezzaluna Folding herb chopper with integrated blade guard

Design by Goodwin Hartshorn  
Design registered

Taking its name from the Italian word for 'half moon', this traditional utensil for chopping herbs is updated with a design that is both safer and more compact than the original. It has pivoting handles and a sharp stainless-steel blade that slices through fresh herbs and garlic with ease.

After use the handles can be folded back over the blade making it perfect for storing in a drawer.

Wash and dry by hand.

## Square Colander With easy-pour corners

Design by Morph  
Design registered

This bestselling, ergonomic colander has several unique features. The single vertical handle leaves one hand free for operating the tap and ensures it remains upright and stable if placed in a sink. Its square corners make emptying food easier and the vertical holes allow liquids to drain away quickly. Along with its square shape, this latest version is now stackable making it even more space efficient. Available in a variety of colours.

Dishwasher safe.

## Rocker™ Garlic crusher

Design by Goodwin Hartshorn  
Design registered

By using downward pressure and a 'rocking' motion, this stylish tool breaks up garlic cloves quickly and easily, forcing the pieces up through the array of small holes in its base. The crushed pieces are then held in the curved design, allowing them to be spooned or scraped conveniently into a pan or bowl.

Additional cloves can also be crushed at this stage before emptying. Rocker™ is easy to clean under running water but is also dishwasher safe.

Available in a range of colours or in brushed metal.

To crush, rock back and forth over clove pressing firmly

## Nest™ Colanders 2-piece set with easy-pour corners

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware. Each product in the range has been cleverly designed so that the individual elements within each set can be stacked neatly together, thereby occupying the absolute minimum amount of space.

This set of two colanders feature ergonomic vertical handles that leave one hand free for operating the tap and ensure they remain upright and stable if placed in a sink. Their angled corners make emptying food easier and the vertical holes allow liquids to drain away quickly. The two sizes nest neatly together for space-saving storage but also allow you to wash and drain different foods separately.

Dishwasher safe.

## QuickSnap™ Plus Easy-release ice-cube tray with stackable lid

Design by Graeme Davies  
Design registered

Similar in style to a conventional ice tray, this innovative design has a unique switch mechanism, which holds the ice cubes securely in place until required. It also includes a flexible lid that enables you to stack additional trays on top of one another in the freezer drawer, helping to prevent water spills and the ice cubes from tainting with any freezer odours.

Fill QuickSnap™ Plus with water just like a conventional ice tray. When ice is needed,

simply twist the tray to loosen the cubes and then push each switch on the reverse, in the direction of the arrow, to release one ice cube at a time - effectively snapping each out of its individual compartment.

With QuickSnap™ Plus you only release the amount of ice cubes you really need, whilst the rest remain securely in the tray and can be placed back in the freezer. Perfect for serving ice straight into drinks, without touching the cubes. Dishwasher safe.

Push switch to release one cube at a time

## Elevate™ Kitchen tools with integrated tool rests

Concept by Gillian Westley  
Design by Derek Roberts  
Design registered

The Elevate™ range of kitchen tools has been specifically designed to improve hygiene and minimise the mess made by placing utensils onto kitchen surfaces during use. Each tool has an innovative, weighted handle with an integrated tool rest, ensuring that when an Elevate™ utensil is placed down, its head is always raised from the work surface.

The Elevate™ range comprises a variety of essential kitchen tools - including spoons, turners, tongs and spatulas - in a host of materials such as nylon, steel and silicone. Available individually, in sets or with a rotating carousel.

## Elevate™ Knives SlimBlock 5-piece knife set with ceramic sharpener

Design registered

The Elevate™ range of kitchen tools is designed to improve hygiene and reduce mess. Each tool has an innovative weighted handle with an integrated tool rest, ensuring that the head or blade is always raised off the work surface, when placed down.

This stylish set comprises five knives with Japanese stainless-steel blades and ergonomic handles plus a smart, slimline knife block. The block features easy-access knife slots and a removable, two-stage ceramic sharpener in the base. Simply push the side of the unit to release the sharpener when required. The sharpener features two ceramic wheels that sharpen and hone the blades, helping to keep them in optimum condition (not suitable for ceramic or serrated blades). After use, simply slide the sharpener back into place where a magnet holds it securely in place.

Not dishwasher safe. Knives: Hand wash only and dry immediately. Block and sharpener: Wipe clean with a damp cloth. Sharpener not suitable for ceramic or serrated blades.

## LockBlock™ Self-locking knife block

Design registered

For parents with young children, safety around the home is paramount. And when it comes to sharp kitchen knives many people feel happier hiding these items away in a drawer. But then the drawer needs to be secured, the blades can be easily damaged and the knives can be dangerous to take out when needed.

LockBlock™, however, provides the perfect solution. The innovative design locks knives safely inside the block and requires an adult-sized hand to operate it, meaning that most children aged 5 and under will be unable to remove any knife\*. As each knife is placed inside a knife slot, its blade is held securely by the unique Cam-lock™ mechanism. Pulling on a knife only increases the force of the grip so knives cannot be simply forced out of the block.

To remove a knife from LockBlock™ the release button, situated on either side for left and right-handed operation, needs to be firmly pressed. But due to its position and the force required to press it, only someone with an adult-sized hand can do this. The mechanism inside won't damage expensive knife blades as it has a smooth rubber surface so it holds the knife blade without scratching. LockBlock™ includes a set of 6 high quality knives that are made from Japanese 420J2 stainless steel and have precision, taper-ground edges for effective use. Their ergonomic handles have a textured, non-slip grip and a large bolster to help protect fingers. They are also colour-coded to match their corresponding knife slot.

Knives - wash and dry by hand.  
Block - wipe clean with a damp cloth.

**(10125)** Multicolour  
**Dimensions** Block H35.5 x W14 x D16.5 cm  
(H14 x W5 1/2 x H6 1/2 inches)

\*In tests 96% of children aged 5 and under were unable to remove knives. This product is not a substitute for adult supervision. Always keep knives away from children and never leave a child unattended.

## PowerGrip™ Kitchen scissors with integrated thumb grip

Design registered

These multi-purpose kitchen scissors are packed with practical features, including an integrated thumb grip for two-handed use - ideal when you need more power to cut through chicken bones, wooden skewers or tough string. They have Japanese stainless-steel blades with a serrated edge for superior cutting, a handy blade notch for gripping items like flower stems and an integrated herb stripper. The blades also separate for easy cleaning.

Wash and dry by hand.

Extra grip for other hand when more power is needed

Blades separate for easy cleaning

Integrated herb stripper

PowerGrip™  
**(10302)**

(H8 3/4 x W3 1/2 x D 3/4 inches)

### Slice&Sharpen™ Knives

Silicone-coated knives with sharpening sheaths

Design registered

These all-in-one knives have non-stick, silicone-coated blades and come with their own protective storage sheath which includes a built-in ceramic sharpener. This allows you to sharpen the blades just before use, which is both safer and more

efficient. Sheaths have a non-slip base for safe sharpening.

Knives - wash and dry by hand.

Sheaths - wipe clean with a damp cloth.

 3½" Paring knife H21.5 x W1.5 x D3 cm (H12¼ x W½ x D1¼ inches)

### Rota™

Folding knife sharpener and honer

Design by Studio17 Design  
 Design registered

The unique, swivelling design of this stylish knife sharpener provides two key benefits. Firstly, when opened out, it creates a safe, ergonomic handle to hold when sharpening. Then, when finished, the handle folds neatly away again, creating a compact unit that stores easily in a drawer. It has coarse and fine ceramic sharpening wheels for

maintaining knives with a variety of blade conditions from dull through to damaged edges. Non-slip feet on the base give added stability.

Suitable for most types of stainless-steel knives. Not suitable for serrated or ceramic blades. Wipe clean with a damp cloth.

Integrated handle and non-slip feet

# Bowls, Weighing & Measuring

## Uno™ Salad bowl and servers

Design registered

Conventional salad servers are often stored separately to the bowl and inevitably take up precious drawer space. In this smart set, however, the servers conveniently store on the edge of the bowl, thereby freeing-up drawer space and eliminating the need to hunt around for them when required. The large-sized bowl is perfect for serving all types of cold salads, hot rice or pasta dishes and even desserts. The servers themselves are made from durable 18/8 stainless steel, making the set a stylish centrepiece for any dining table.

Dishwasher safe.

BPA Free

Space-saving servers conveniently store on the edge of the bowl!

## Double-Dish™ Serving bowl

Design by Morph  
Design registered

This clever bowl provides the perfect solution to serving snacks such as olives or pistachio nuts, with their inedible stones and shells. The unique design is actually two bowls stacked on top of each other, with the lower one curved outwards in three places creating chutes down which food waste can be dropped. As well as hiding unsightly waste, it also eliminates the need for any additional bowls or plates on the table that would normally be required to hold these items.

Dishwasher safe.

Unique double-layer design hides unsightly food waste

Ideal for serving snacks such as olives, pistachio nuts and wrapped candy

Double-Dish™  
(20156)  
Dimensions H6.5 x D17 x W18 cm  
(H2.6 x D6.7 x W7.1 inches)

No need for additional empty bowls on the table

### Nest™ Compact food preparation sets

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

There are a variety of different sets available with each item in a set having its own individual features. All sets come in stylish packaging and all items are dishwasher safe.

Nest™ 9 set includes mixing bowls with a non-slip base and wide carry handles; the small mixing bowl includes metric and imperial measurements moulded inside for added convenience and a handy spout for mess-free pouring; this sieve has a finest stainless-steel mesh and the colander has large, easy-drain holes. All other elements stack and snap securely together.

Nest™ 9 Steel is made from high quality 18/8 stainless steel, providing exceptional durability.

Small chamber measures from 5 ml (1/6 cup)

### Measure-Up™ Adjustable measuring spoon

Design registered

If you're looking for space-saving kitchen tools this compact measuring spoon provides the perfect solution. It features a sliding handle insert that adjusts the size of the bowl at each end, allowing you to measure both wet and dry ingredients in a range of volumes without the need for multiple spoons. Simply align the easy-read arrow indicators against the desired volume before adding the ingredient to be measured. For dry ingredients, the flat top edge profile of the design means you can easily level off any excess with the back of a knife. To clean, simply slide the handle insert towards the shallow end and gently push until it pops out. The design features measurements from 1 ml up to 15 ml and from ¼ tsp up to 1 tbsp.

Measures dry ingredients from ¼ tsp up to 1 tbsp

### TriScale™ Compact folding digital scale

Design by Morph  
Design registered

This unique digital scale brings a whole new meaning to the concept of space-saving kitchen gadgets. When open, its three arms provide a stable platform on which to place bowls and other items for weighing. When closed, the unit folds down to an extremely compact size, enclosing and protecting the screen and controls, which makes it perfect for storing in a kitchen drawer. It has an easy-to-read LCD display, touch-sensitive controls and an auto power-off feature.

A convenient 'add and weigh' function also allows multiple ingredients to be measured in the same bowl during recipe preparation. The scale weighs/measures in the following units: g, lbs oz, fl oz and ml.

Powered by 1 x 3V CR2032 battery (included).

Add & Weigh function

Folds for convenient storage

TriScale™  
**(40071)** White  
**Dimensions**  
Closed H4.5 x W14.9 x D2.1 cm (H1¾ x W5¾ x D¾ inches)  
Open H21.9 x W20.2 x D2.1 cm (H8½ x W8 x D¾ inches)

### SwitchScale™ 2-in-1 digital scale with reversible lid

Design by Morph  
Design registered

This multi-functional digital scale is a versatile kitchen device which offers two options for weighing. You can either place items or bowls directly on to its top, or flip over the integrated lid to create a measuring bowl for weighing loose ingredients or liquids. Featuring an easy-to-read back-lit LCD display and touch-sensitive controls, it's ready to weigh both liquids and dry foods in the following units - gms, lbs, ozs, fl ozs, mls up to a maximum capacity of 5 kg/176.4 fl oz/11 lb/5000 ml.

A convenient 'add and weigh' function allows multiple ingredients to be weighed during recipe preparation and an auto power-off feature maximises battery life. It also has non-slip silicone feet.

Bowl - hand wash. Scale - wipe clean with a damp cloth. Powered by 3 x AAA batteries (included). Internal mechanism 2-year guarantee.

Open rolling area H58 x W38 cm (H23 x W15 inches)

## Adjustable Rolling Pin

Design by Damian Evans  
Design registered

This innovative rolling pin takes the guesswork out of preparing biscuit dough, pizza bases and pastry. It comes with four sets of removable discs that raise the rolling surface by different amounts, to create exactly the required pastry thickness - either 2 mm, 4 mm, 6 mm or 10 mm (1/16, 1/6, 1/4 and 3/8 inches).

Now available in a sophisticated new pastel colour palette, this ingenious device also ensures that pastry or dough is rolled to an even thickness throughout and to the exact size required, via measurements on the surface of the rolling pin. Discs - dishwasher safe. Rolling pin - hand wash only.

# Chopping Boards

## Folio™ & Folio™ Steel Set of 4 colour-coded chopping boards with storage case

Design registered

Video

This stunning design features a slimline, case that keeps four large chopping boards beautifully organised and makes a real statement on the worktop. Each colour-coded board has a knife-friendly, textured cutting surface on both sides and non-slip feet. They can be easily removed from the case due to the smart angled design and stainless-steel selecting bars.

The case holds each board neatly apart, allowing air to circulate, and features non-slip feet on the base. Available in a range of sizes and finishes, including a version with a fingerprint-proof, stainless-steel case for easy cleaning.

Boards - Dishwasher safe.

## Index™ Food-specific chopping board sets

Design by Damian Evans  
Design registered

Since its launch in 2008, Index™ has been a worldwide bestseller, helping reduce cross-contamination of food with a simple-yet-effective, colour-coded system of boards. Whilst the original concept has always remained the same, the range has undergone a series of design refinements and product extensions over the years, culminating in this latest range of iconic products.

### Index™ Regular & Large

This latest variant features the same key benefits of the original, but with an updated case design. As before, the knife-friendly boards feature easy-grip tabs with food-type icons, non-slip feet on both sides and sloping edges to catch crumbs and liquids. The storage case also has a non-slip base.

Chopping boards - dishwasher safe.  
Storage case - wipe clean with a damp cloth.

NEW

## Folio™ Plus 8-piece knife & chopping board set

Design registered

Keep all your chopping tools beautifully organised with this stylish and practical design. It features a smart, slimline storage case containing four colour-coded boards alongside four corresponding Elevate™ knives. Each board features knife-friendly, textured cutting surfaces on both sides, stainless-steel selecting bars and non-slip feet. Each Elevate™ knife features a sharp, Japanese stainless-steel blade, an integrated tool rest - to improve hygiene and reduce mess - plus an ergonomic handle. The angled case makes everything very easy to select when you need it, holds each item neatly apart - allowing air to circulate - and has non-slip feet on the base.

Boards - Dishwasher safe; Knives - wash and dry by hand; Case - Wipe clean with a damp cloth.

### Chop2Pot™ Bamboo

Folding chopping board with non-slip feet

Design registered

Our ever popular Chop2Pot™ folding chopping board design is reimagined using high-quality bamboo. As well as providing a beautiful natural look, the hard-wearing properties of bamboo make it ideal for all types of food preparation tasks.

A single silicone hinge down the middle makes it easy to fold and pour food to a pan, and it features non-slip silicone feet on the base. Available in two sizes.

Wash and dry by hand.

### Cut&Carve™ Bamboo

Multi-function chopping board

Design registered

This heavy-duty chopping board is made from tough, natural bamboo and features an integrated food grip for holding meat, vegetable and bread whilst cutting. It has an angled cutting surface - to help catch meat juices and breadcrumbs - and easy-pour corners. Handle recesses on the sides make carrying easy and non-slip feet on the base help keep it in place whilst cutting. Its beautiful natural finish is complimented with an etched stainless-steel badge set into its front edge.

Wash by hand and wipe dry (do not soak).

**Dimensions** W40 x D30 x H3.5 cm (W15½ x D12 x H1½ inches)

### Index™ Bamboo

Set of 3 food-specific chopping boards with storage stand

Design by Damian Evans  
Design registered

Designed to reduce cross-contamination of different food types, Index™ Bamboo comprises three food-specific chopping boards with a sturdy metal storage stand. Each board is made from tough, natural bamboo and features an index-style tab indicating which food type it should be used for - raw meat, cooked food or vegetables.

Each board slots securely onto the metal stand which also features non-slip feet.

Chopping boards - Wash by hand and wipe dry (do not soak). Storage stand - wipe clean with a damp cloth.

### Pop™ Set of 3 chopping mats

Design registered

This colourful set of chopping mats are perfect for a range of food preparation tasks and conveniently snap together for easy storage. Each board has a double-sided, knife-friendly cutting surface and is clearly colour-coded, making it easier to keep specific mats for specific tasks. The 'hole' detail is designed to allow the mats to be joined by simply pushing together, and it also provides the perfect hanging point.

Dishwasher safe.

### Nest™ Chop Set of 3 nesting chopping boards

Design by Donald Wentworth  
Design registered

This compact set of chopping boards includes three sizes of board each with a curved profile at one end. The unique design feature provides two useful functions. Firstly it allows the three boards to be neatly stored together as a freestanding unit on a kitchen worktop. Secondly, it creates a handy chute down which chopped food or food waste can be easily guided. Each board also features a textured, knife-friendly cutting surface and non-slip feet.

Dishwasher safe.

### Chop2Pot™ The original folding chopping board

Design by Mark Sanders  
Design registered

Chop2Pot™ is our original, award-winning folding chopping board. Laid flat, it provides a durable, knife-friendly cutting surface for all types of food preparation. But when the handle is squeezed, the sides of the board fold up, forming a convenient chute down which chopped food or waste can be neatly guided.

This latest version of the design still employs the same proven 'living-hinge' technology to achieve its transformation, but also features a textured cutting surface, comfortable soft-grip handle and non-slip feet. Available in three sizes and a variety of colours.

Dishwasher safe.

### Cut&Carve™ Plus Multi-function chopping board

Design by John Brauer and Joseph Joseph  
Design registered

Cut&Carve™ Plus is our popular double-sided, multi-function chopping board. It has an integrated meat grip on one side of the board, angled cutting surfaces and easy-pour corners, which help in the collection and disposal of liquids or food when cutting or carving. The opposite side of the board provides a smooth cutting surface, for general food preparation, and it also has non-slip feet and soft-grip sides. Available in a range of colours.

Dishwasher safe.

## M-Poach™ Microwave egg poacher

Design registered

Preparing poached eggs in a pan can be tricky but cooking them in water usually gives the best results. This can now be quickly and easily replicated in a microwave oven with this clever design. Simply fill the poacher with water, heat briefly in the microwave and then break in an egg. Cover with the lid and microwave on full power for the specified time. To serve, simply lift and drain the cooked egg with the integrated colander. Full cooking instructions included.

Suitable for all power ratings in domestic microwaves. The power rating (wattage) specified on the packaging is for guidance only. All microwaves vary so please adjust the cooking time to suit your appliance.

Dishwasher safe.

Dimensions H8.5 x W11.7 x D10.1 cm  
(H3.3 x W4.6 x D3.9 inches)

## M-Cuisine™ Microwave 4-piece stackable cooking set

Design registered

Flexibility is the key benefit of this stackable microwave cooking set. With its four interchangeable pieces, the versatile design allows you to cook anything from a single

food right up to a full meal, ensuring everything is ready at the same time. Depending on the dish being prepared, the microwave can be paused and a new element with food added to the stack before the cooking process is resumed. The set comprises a main cooking pot for preparing rice, pasta or potatoes; a steamer basket for vegetables, fish or meat; a griddle for cooking foods such as bacon,

and a reversible lid which doubles as a base for the griddle and steamer or as a stand-alone microwave plate. Integrated handles on the cooking pot and lid ensure all pieces can be safely removed from the microwave and carried to the table for serving.

Dishwasher safe.  
Cooking guidelines included.

## M-Cuisine™ Microwave rice & grain cooker

Design registered

Go seamlessly from packet to table with this specially designed microwave rice cooker. This thoughtful design provides all the tools necessary to measure, wash, cook and serve perfect fluffy rice and grains. It comprises a large 2-litre (2.1 qt) cooking pot with lid; a colander; a measuring cup, and a multi-purpose rice paddle that simultaneously locks the lid closed for cooking and also provides two convenient carry handles.

To use, simply measure the desired quantity of rice or grains into the colander and then rinse and drain. Place the colander into the cooking pot, add the correct quantity of water and then secure the lid on top using the rice paddle. Fluff the rice or grains with the rice paddle before serving.

Dishwasher safe.  
Cooking guidelines included.

Suitable for all types of grains including

**M-Cuisine™**  
Microwave single-serve  
popcorn maker

Design registered

This fun popcorn maker allows you to make a single 30g (1 oz) portion in one go, so it should put an end to arguments over who's eaten more than their fair share on film nights. What's more, it's made from high-quality, heat-resistant silicone, so it won't melt with the high temperatures created in the microwave when popping corn. It has an integrated measuring guide in the base and lid flaps that conveniently open when the popped corn is done and reaches the top of the maker. With no oil or butter required, it's a great way to make the perfect healthy snack. Available as a 2-pack.

Dishwasher safe.

## CupboardStore™ Storage container sets

Design registered

This innovative storage range makes use of every inch of cupboard space, even the awkward area found beneath the shelf. The range includes a set of three 900 ml (0.9 qt) containers and a set of three 1.3-litre (1.3 qt) containers that both hang neatly from a sturdy rail that attaches to your existing shelf using strong 3M™ VHB™ tape. In addition, there's a 5-piece set of multiple-sized containers without the rail that stack perfectly in your cupboard and includes a handy scoop that clips neatly on the underside of the lid of the largest container. All containers in the range have airtight lids with easy-pull tabs and easy-pour corners, suitable for storing a wide range of dry foods.

BPA-free. For storing dry foods only.  
Hand wash only.

Can be mounted inside or beneath cupboards

5-piece set includes five plastic containers plus a handy scoop

Tiered design improves visibility and access

### CupboardStore™ Rotating organiser

Design registered

Improve visibility and access in cupboards with this simple but effective storage solution. It comprises a low-level platform with three tiers on a rotating base, which makes access easy from all angles and raises up items at the back. Rotating the platform also reveals handy pockets in the rear of the unit that are perfect for storing loose items such as stock cubes, small packets or tubes. Suitable for kitchen units over 33 cm (13 inches) wide and deep.

Shorter top shelf allows storage of tall bottles or jars

### CupboardStore™ 2-tier rotating organiser

Design registered

Improve visibility and access in cupboards with this simple but effective storage solution. It comprises two, tiered layers on a rotating base, which raises up smaller items that often get lost and makes access from all angles easy. The top layer is also shorter than the bottom one allowing tall bottles or jars to be stored at the front. Each layer has a textured surface and raised edges to stop items sliding off. The unit comes flat-packed but is easy to assemble using the instructions included. Suitable for kitchen units over 33 cm (13 inches) wide and deep.

## Nest™ Lock Compact storage containers

Design by Morph  
Design registered

The problem with most storage containers is that they take up precious cupboard space when not in use and usually require the lids and bases to be stored separately - which makes finding and pairing both elements a hassle. With the unique design of Nest™ Lock, container bases nest neatly inside each other and lids clip conveniently together for efficient, space-saving storage. As each element is colour-coded too, it's very easy to match lids with bases

when you need them. All products in the Nest™ Lock range work together so you can build your own collection to suit your needs, whether it be for fridge/freezer storage, batch cooking or family lunch boxes. All containers feature lockable, airtight and 100% leakproof lids.

Bases and lids - Freezer, microwave and dishwasher safe (top rack only). BPA-free.

### Nest™ Glass Storage Compact storage container set

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation and storage sets. Their innovative design allows the individual elements within each set to

be stacked together, thereby occupying the absolute minimum amount of space, when they're stored.

All the containers in this set are made from tough borosilicate glass, which means they're freezer, oven, microwave and dishwasher safe. The container sizes range from a handy ½ cup (130 ml) size, that's perfect for small portions of vegetables or sauces, right up to an extra-large 10½ cup (2.5 litre) container that's ideal

for preparing and storing family-sized meals. Each coloured lid snaps tightly onto its corresponding container and features easy-pull tabs for opening. Best of all, when storing, the lids can be snapped neatly together, which means they're very easy to find when you need them.

Lids - top-rack dishwasher safe.  
Containers - dishwasher safe.

## Loop™ Vacuum insulated water bottle

Design registered

The striking design of this water bottle makes it easy to carry but also provides a convenient place to keep the lid, either whilst drinking or when stored in a cupboard. Made from double-walled, vacuum-insulated 18/8 stainless steel with a heat-reflecting copper layer, it keeps drinks hot for up to 12 hours and cold for up to 24 hours and remains condensation-free in your bag. The leakproof lid also has the screw thread on the inside, making it a pleasure to drink from. Available with a tough, powder-coated finish or in beautiful, brushed stainless steel. Stay hydrated in style and help reduce the need for single-use plastic bottles.

BPA free. Capacity: 500 ml (17 fl. oz.).  
Hand wash only.

## Sipp™ Travel mug with flip-top ca

Design registered

Reusable mugs can often be exposed to dirt and germs - firstly, if carried loose inside a handbag or rucksack but also when handled by baristas or café staff when purchasing drinks. This clever design, however, features a leakproof, flip-top cap that completely covers the mouthpiece when closed, keeping the area your lips touch when drinking much more hygienic and a screw-top lid to prevent accidental spills. Sipp™ is available in two versions - the first made from durable, BPA-free plastic with a soft-touch finish, providing both a non-slip grip and an extra layer of insulation when holding hot drinks; the second made from double-wall insulated stainless steel, ensuring the mug remains cool to the touch whilst helping to keep drinks hotter for longer. Now you can enjoy your favourite drink on-the-go and help reduce the need for single-use plastic cups.

Capacity: 340 ml (12 fl oz). Sipp™ - Dishwasher safe (top rack only). Sipp™ Steel - Hand wash only.

## Dot Water bottle with counting lid

Design registered

It's a well-known fact that drinking water and staying hydrated is an important part of enjoying a healthier lifestyle. Many of us acknowledge that we should be drinking more water and this innovative bottle helps you do just that, by tracking how much water you actually drink.

The design features a clever lid that automatically counts every time you tighten it after refilling, showing you the number of bottles drunk with a simple column of dots. Each time you close the lid, a new dot will appear in the display window, allowing you to track up to 4 bottles per day.

By setting yourself a goal to drink a certain number of bottles, Dot provides a simple reminder of what you've achieved and gentle encouragement to reach your goal.

Perfect for use around the home, gym or office, Dot is a smart but simple way of improving hydration. Made from impact-resistant Tritan™, it has a leak-proof cap and is BPA free.

Bottle - dishwasher safe.  
Lid - hand wash only.

# Cleaning & Organisation

# Cleaning & Organisation

## Blox™ Drawer organiser sets

Design registered

This modular design comprises individual trays of different sizes that are able to be clipped together on all sides, allowing you to arrange them in any order to fit your drawer space - they can even be divided and used in multiple drawers. To change the order, simply unclip each tray and rearrange as necessary. Perfect for organising and storing a wide range of household items such as cutlery, utensils, stationery, tools and craft accessories. The set also comes with self-adhesive, non-slip feet which can be applied once the final arrangement of trays has been decided.

Available in two sets - 7-piece or 10-piece.

Wipe clean with a damp cloth.

Individual compartments clip easily together on all sides

Self-adhesive non-slip feet included on all sides

Unique design creates more space in your drawer

### DrawerStore™ Bamboo Cutlery, utensil & gadget organiser

Design registered

Organise messy utensil and cutlery drawers with this practical and smart storage solution. This unique tray combines five overlapping compartments for storing cutlery with three deep-sided compartments for holding utensils and gadgets. What's usually stored in two drawers can now be neatly organised into one, creating more space in your kitchen. Made from beautiful, natural bamboo.

Wipe clean with a damp cloth and dry by hand (do not soak). Oil regularly with a food-safe oil to maintain best condition. Suitable for drawers with a minimum height of 8 cm (3¼ inches).

 (H2.6 x D15.8 x W15.2 inches)

Cutlery icons

### DrawerStore™ Bamboo Compact cutlery organiser

Design registered

This revolutionary design is such a simple but effective idea. By layering each compartment on top of each other, it enables you to store a full cutlery set in less than half the space of a conventional cutlery tray. Items can be placed inside either head or handle first, but the design also features handy icons for easy identification. Non-slip feet on the base stop the unit from sliding around in your drawer. Made from beautiful, natural bamboo.

Wipe clean with a damp cloth and dry by hand (do not soak). Oil regularly with a food-safe oil to maintain best condition. Suitable for drawers with a minimum height of 8 cm (3¼ inches).

## DrawerStore™ Expanding cutlery, utensil & gadgets organiser

Design registered

Organise messy cutlery and utensil drawers with this highly practical storage solution. The unique design features five overlapping compartments for storing cutlery and two deep-sided compartments for holding gadgets. Both sides of the tray can then be expanded either side to create even more storage space for larger utensils and also to fit your drawer perfectly. What's usually stored in two drawers can now be neatly organised into one, creating more space in your kitchen.

Wash and dry by hand.

## DrawerStore™ Expanding cookware organiser

Design registered

Cookware can be notoriously difficult to store, with the typical array of pans, lids and baking tins of different shapes and sizes all vying for space. This handy organiser helps make calm from the chaos by providing an adjustable rack that can fit a wide variety of awkward items. Its length can be expanded from 30.5 cm (12") up to 56 cm (22") and it comes with a series of scratch-proof wire dividers that can be inserted anywhere along its length, providing support and easy access to any item. Ideal for drawers or cupboards, it's the perfect organisation solution for bulky cookware.

Wipe clean with a damp cloth.

### CupboardStore™ Easy-access storage caddy

Design registered

Keeping cleaning items organised can be difficult, with the usual variety of bottles, spray cleaners and sponges to deal with. Inevitably items get pushed to the back of the cupboard and can be hard to reach when you need them most. However, this simple caddy makes this type of storage much easier. It has a large, open compartment that's ideal for holding a range of cleaning bottles and sprays and a compact one at the front for smaller items such as sponges and cloths. Smooth-running wheels on the base and a large front lip make it easy to pull out of the cupboard and access everything you need.

Wipe clean with a damp cloth.

### Extend™ Steel Expandable dish rack with draining spout

Design by Studio17 Design  
Design registered

This smart dish rack features a 2-part sliding tray that allows you to easily adjust the size of your draining space when you need more room. Its coated steel prongs have non-scratch tips and can hold a variety of washing up, whilst ribs on the base help channel excess water away and prevent any from being trapped inside upturned cups or glasses. The movable cutlery drainer features slots for sharp knives and a sturdy rail at the back helps support chopping

boards or larger items. Finally the spout in the base allows water to drain directly into the sink and can be set in three different positions, depending on your sink space.

Wash and dry by hand.

## Extend™ Expandable dishrack with draining plug

Design by Studio17  
Design registered

This versatile dishrack allows you to quickly and easily expand your draining space. When required it can be extended to almost twice its size to accommodate the washing up after either single- or family-sized meals.

An integrated spout helps to drain away any excess water, but this can be rotated away and closed trapping water inside for draining later. This means that Extend™ can also be used to create draining space almost anywhere. With plated steel prongs and non-scratch tips that make it suitable for all types of glassware and crockery, this versatile drainer can be extended to create additional draining space that's perfect for cups and bowls.

A moveable cutlery drainer allows for flexible use and non-slip feet to ensure that, wherever it's used, the unit will be secure and stable. The steel rack can be removed for easy cleaning.

Wash and dry by hand.

## Y-Rack™ 2-tier self-draining dish rack

Design by Studio17 Design  
Design registered

With draining space at a premium in most kitchens, Y-Rack maximises what's available by utilising the vertical area above your drainer. Its 2-tier design combines a sturdy base for draining pots and pans or cups and bowls, with a traditional-style rack above for draining up to 15 plates. The large self-draining utensil pot that clips onto the side means you can drain everything for 4 full place settings in a very small space. The base features sloping ribs to allow water to drain freely, a fixed draining spout for emptying into the sink and non-slip feet. The whole unit dismantles for easy cleaning.

Hand wash only.  
Assembly instructions included.

Sloping ribs allow water to drain easily and air to circulate

## Flip-Up™ Adjustable draining board

Design by Studio17 Design  
Design registered

This clever draining board includes a handy pop-up plate rack allowing it to drain up to 6 dinner plates as well as a variety of cups, glasses and bowls. After use, the rack can be folded neatly away for compact storage. The thoughtful design also features a ribbed surface to prevent water being trapped in the mouths of containers, a sloping base that channels water away and an integrated spout for draining directly into the sink. Non-slip feet on the base keep the unit in place during use.

Wash and dry by hand.

Flip-Up™  
**(85139)**  
**Dimensions** H2.4 x W40 x D31.9 cm (H1 x W15¾ x D12½ inches)

## Tier™ Expandable draining board

Design registered

This handy draining board can be extended to over twice its size to provide a high-capacity draining space wherever you need it. Simply place on a flat surface and pull each end to expand. Each tier features a wide platform for a variety of washing up and raised ribs to prevent water being trapped inside cups and glasses. To drain, simply push the tiers together again, lift and pour the excess water away via the handy spout. Its compact size when collapsed means it's perfect for storing under the sink or inside a cupboard.

Wash and dry by hand.

## Flume™ Folding draining mat

Design by Studio17 Design  
Design registered

These handy mats provide a soft rubber surface for draining a variety of items and are perfect for creating extra draining space when required. The distinctive parallel ribs prevent water from being trapped in the upturned mouths of cups, glasses and bowls and help direct water to the central channel, from where it can be easily drained. By simply picking up the corners either side of the central channel, Flume™ will naturally fold allowing water to be gently poured away. Updated for Spring, this new design is easier to clean, provides a flatter surface for draining glassware and now comes in a new larger size for even more draining space.

Hand wash only.

## Dock™ Cutlery drainer and organiser

Design by DonaldWentworth  
Design registered

A cutlery drainer is an essential sink-side item, however they can sometimes be difficult to clean and don't always provide adequate separation for cutlery and sharp knives. Dock™, however, has been designed with both safety and hygiene in mind. The tiered compartments help you to easily separate different items and the dedicated knife slot keeps sharp blades safe and secure. Excess water collects in the draining saucer in the base which has an integrated pouring spout making it convenient to empty. The unit dismantles for easy cleaning.

Dishwasher safe.

### Wash&Drain™ Dishwashing bowl with straining plug

Design by Morph  
Design registered

This basic piece of kitchen equipment is given a stylish and practical update with this smart, thoughtful design. It has an integrated plug which means water can be quickly drained away, eliminating the problem of lifting and emptying a heavy bowl. The plug can also be set to strain the water for food particles, allowing them to be easily disposed of and helping to prevent sink blockages.

Its steep sides help keep water and soapsuds safely inside and large carry handles mean it can be easily carried, if required. Perfect for use in the sink or for washing dishes anywhere.

Hand wash only.

Simply twist plug to drain or strain water

### Surface™ Stainless-steel knife & utensil pot

Storing knives and utensils has never been easier with this smart, dual function unit. The main compartment is split into two. One side provides ample room for storing a variety of long-handled kitchen tools and the other side contains a series of slots, providing the perfect area for storing sharp blades. Located at the base of the unit is a removable spoon rest, making this a highly practical design for any kitchen.

Wash and dry by hand.

**Dimensions** H18 x W20 x D13 cm  
(H8 x W8 x D5 inches)

Dismantles for easy cleaning

### Surface™ Stainless-steel cutlery drainer

Drain and organise your cutlery straight after hand washing with this simple, smart design. Its main compartment is divided into three, which allows you to group similar items together as they dry. It also has a separate, shallower section for storing smaller items such as teaspoons, preventing them from getting lost at the bottom of the unit. Its sloping base allows water to collect inside, out of sight, and it has an integrated spout for emptying.

Wash and dry by hand.

Removable stainless-steel soap bar

Easy to fill and dismantle for cleaning

### Surface™ Stainless-steel soap pump and bar set

This stylish soap pump provides comprehensive hand cleaning and odour removal in one neat design. Firstly, it operates just like a conventional soap pump, dispensing liquid soap by pushing down on the large pump head. However, the stainless-steel top of the pump head is actually a removable soap bar, which can be lifted out and used to help remove strong odours from fingers, often left behind after handling foods such as onion and garlic. The design is easy to fill and also features a drip-catching base and non-slip feet.

Wash and dry by hand.

### Easy-Tear™ Kitchen roll holder with tearing blade

Design by Goodwin Hartshorn  
Design registered

This innovative product makes the task of tearing off paper towels much easier, particularly one handed. The design incorporates an upright tearing blade that provides a convenient edge against which to tear and its heavyweight, non-slip base provides added stability and excellent resistance when each sheet is pulled. Its self-adjusting mechanism fits a variety of kitchen roll sizes and ensures the roll is always held securely in place no matter how many sheets are left. The top of the tearing blade also provides a convenient carrying point, so the unit can be easily transported to wherever paper towels are required.

Wipe clean with a damp cloth.

### CleanTech™ Washing-up brush and scrubber sets

Design registered

Conventional brushes, sponges and scrubbers can wear quickly and hold onto water and dirt, making them a breeding ground for bacteria and odours. This innovative brush and scrubber, however, feature advanced polymer bristles that drain and dry quickly, are durable and flexible for effective cleaning and rinse clean after use. The scrubber features fine bristles on one side for gentle cleaning tasks and coarse bristles on the other for tougher deposits. The brush head is removable and can be replaced if required. Both are safe to use with non-stick cookware and, being made from 100% recyclable materials, can be just as useful at the end of their life.

### Edge™ Washing-up brushes with integrated sink rests

Design by DonaldWentworth  
Design registered

These distinctive brushes make full use of space around the sink by conveniently storing inside it! The design incorporates a non-slip resting point that enables each brush to be stored on the inside edge of the sink, thereby saving space and allowing excess water and soap suds to drain neatly away. The dish brush has a non-scratch brush head which is curved to help clean in the corners of trays and an integrated pan scraper for tough food deposits.

Dishwasher safe.

Non-slip resting point grips sink edge

### Palm Scrub™ Soap dispensing washing-up brush with storage stand

Design by DonaldWentworth  
Design registered

Streamline your sink with this neat, compact design. This sturdy palm-held washing-up brush features an easy-fill washing-up liquid reservoir that dispenses the required amount of soap with a simple push of the top button. Its compact size makes it easy to control and ideal for cleaning pots, pans and dishes. The brush has its own convenient storage stand that allows it to drip dry hygienically and the whole thing dismantles for easy cleaning.

Wash by hand.

### BladeBrush™ Knife and cutlery cleaning brush

Design registered

Cleaning sharp knives and cutlery can be a hazardous task, but with this innovative washing-up brush it's much safer. The unique wrap-around design allows you to clean both sides of a utensil at once, whilst keeping your fingers away from any sharp edges. Its tough bristles quickly remove

food debris and the textured grip helps prevent your hand slipping. After use the brush can either be stood on a draining board or placed on the side of a bowl to dry.

Wash by hand.

Wrap-around design

Clean both sides at once

Easy to store

## Viva Pedestal mirror with cosmetic organiser

Design registered

This stylish design combines many of your make-up needs in one compact unit. It features a large, racetrack-shaped mirror giving you a wide view of your face and neck, plus a smaller, 3x magnifying mirror for finer, detailed work. The magnifying mirror has a magnetic back with a soft finish so it can be stored on the main mirror without scratching or removed for ease of use. When lifted up, the main mirror reveals a handy compartment inside the stand providing organised storage for a range of cosmetics and accessories, such as brushes, lipsticks and mascaras. A divider inside keeps everything in order and this can be removed for easy cleaning. When open, the angle of the main mirror can also be adjusted whilst a non-slip base keeps the unit securely in place.

Wipe clean with a damp cloth.  
Mirror: use a microfibre cloth.  
Do not use abrasive cloths or polishes.

## Viva Cosmetic organisers

Design registered

This stylish range of cosmetic organisers feature a mix of deep and shallow compartments for storing a variety of items such as make-up brushes, mascaras and eye-shadows, plus handy drawers for things like cotton wool pads, cotton buds or make-up sponges. Each drawer has a tab for easy opening and a self-locating, magnetic closure to keep it securely in place when closed. The large organiser comes with a removable 2-in-1 mirror that can be mounted onto the edge of the unit for hands-free use and then stored in a slot at the back after use. The angle of the mirror can be easily adjusted and it features a 3x magnification mirror on the reverse, for helping with finer detail. All Viva organisers are finished with a stylish chrome-plated badge detail and feature removable dividers making them very easy to clean.

Wipe clean with a damp cloth. Mirror: use a microfibre cloth. Do not use abrasive cloths or polishes.

# Waste & Recycling

## GoRecycle Portable recycling caddies

Design registered

We're all conscious of the need to recycle more, but the extra effort to separate, compact and store waste ready for collection can be a hassle and often creates more mess and clutter. That's why we created GoRecycle, a range of inventive products specifically designed to make home recycling quicker and easier.

It's easy to pre-sort, store and transport recycling with these smart, compact caddies. They are divided into two compartments allowing you to separate different types of recycling - such as glass and paper - with lids that close to hide the contents of each side. These lids, when opened together, create a handle making it very easy to transfer recycling to a larger bin kerbside or elsewhere. The two compartments can then be emptied independently by simply folding both lids to each side in turn, which traps the waste in one side as you empty the other.

Wash by hand with hot, soapy water. To help remove unpleasant odours, a solution of baking powder and water may also be used.

Available in two sizes -  
14-litres (3.7 US Gallons) and  
28-litres (7.4 US Gallons).

Lift lids to create a convenient carry handle

## GoRecycle Recycling collector

Design registered

Empty recycling less often with this simple but effective design. It comprises a large 32-litre compartment with a clip-on lid featuring one-way flaps that help trap items as they are pushed in, allowing you to fit more in without it popping back out again. Particularly suitable for a mix of plastic, card and paper waste, you can fit up to twice as much crushable waste inside, as a similar sized bin. If used with a plastic liner, the deep rim of the lid helps hide any unsightly bag overhang and also makes it very easy to carry. To empty, simply unclip the lid to tip into a communal bin or to remove a full plastic liner. Ideal for fitting a large amount of recycling in a compact space.

Wash by hand with hot, soapy water. To help remove unpleasant odours, a solution of baking powder and water may also be used. Not suitable for use with glass.

Capacity: 32-litre (8.4 US Gallons).

Holds up to twice as much crushable waste as a similar-sized bin

## Totem Waste & recycling units

Design by PearsonLloyd  
Design registered

Totem is an award-winning design that combines all your waste and recycling in one compact unit. It features two compartments arranged vertically, which saves space and makes them very easy to fill and empty. Each compartment has a removable bucket that can be fitted with a single standard liner for general waste or two smaller bags, using the integrated bag hooks, for separating different types of recycling. Breather vents in the bucket sides make removing a full liner easier.

Totem also features a ventilated odour filter in the main lid that helps reduce moisture and odour build up from waste. The design comes with a 3-litre (0.8 US Gallon) removable food waste caddy that can be stored in either compartment, or on the worktop. Stylish, practical and durable, Totem is available in two sizes - Totem Max (60 litres/15.8 US Gallons) and Totem Compact (40 litres/10.5 US Gallons). Custom-fit liners for the main compartments and compostable liners for the food waste caddy are available separately, as are replaceable odour filters. Stainless-steel versions feature a fingerprint-proof coating, whilst other models feature an easy-clean powder-coated steel finish.

Choose the right custom-fit liner: Totem Max (60L) - IW2 and IW6; Totem Compact (40L) - IW2 and IW7.

10-year guarantee. External surfaces: Wipe clean with a damp cloth and then dry with a soft, dry cloth.

## Totem Pop Waste & recycling units

Design by PearsonLloyd  
Design registered

Totem Pop combines all your waste and recycling in one compact unit and features two compartments arranged vertically, which saves space and makes them very easy to fill and empty. The top compartment has a removable bucket with breather vents in the sides that make removing a full liner easier. The bottom compartment can be pulled out completely and features a removable rim that hides any untidy liner overhang. Both compartments can be fitted with a single liner for general waste but also feature integrated bag hooks allowing you to divide the space with two smaller bags for separating different types of recycling. Totem also features a ventilated odour filter in the lid that helps reduce moisture and odour build-up from waste. Stylish, practical and durable, Totem Pop is available in two sizes - 60L and 40L. Custom-fit liners for the top compartment are available separately, as are replaceable odour filters. Choose the right custom-fit liner: Totem Pop (60L) - IW6; Totem Pop (40L) - IW7.

10-year guarantee. External surfaces: Wipe clean with a damp cloth and then dry with a soft, dry cloth.

## Titan Trash compactors

Design registered

Titan is no ordinary waste unit. It features a patented, hygienic compaction system that enables it to hold up to 3 times more waste than a similar-sized domestic unit. Because Titan compacts your waste, it doesn't need to be emptied as often, which in turn reduces the amount of liners you use and also the amount of full liners that you have to deal with between collections.

Titan is built to last. Its compaction system and foot pedal have been tested over 100,000 times and are engineered to withstand repeated downward force. It's hygienic and mess-free too. The unique design ensures only the inside of the plastic liner touches the trash whilst compacting, leaving you with clean hands and a clean bin. It also features a replaceable odour filter for any unpleasant smells and a fingerprint-proof stainless-steel coating.

With Titan you can compact with confidence. It has an anti-tear design that won't stretch or pinch the liner and it has its own extra-strong, custom-fit liners for added peace of mind. It's also compatible with standard plastic liners.

A handy lid-stay feature ensures liner changes are quick and hassle-free, and it also includes a handle on the reverse to make moving easy.

Available in a range of sizes and finishes. 10-year guarantee.

### Stack 4 Food waste caddy with odour filte

Design by PearsonLloyd  
Design registered

This clever caddy has been carefully designed to help reduce the smell from collected food waste. It has a unique, ventilated design that allows air to enter and circulate inside the caddy, which helps to reduce moisture - the main cause of unpleasant odours from decomposing food.

In addition, it features a replaceable odour filter in the lid that works in tandem with the fresh air to help trap any smells that do occur. It has an easy-clean polypropylene body, a flip-top lid and a sturdy stainless-steel carry handle. A liner-retaining hole inside ensures any liners stay in place and the rim of the removable lid hides any untidy bag overhang. Perfect for storing on a kitchen worktop. Custom-fit, compostable liners (IW2) are available separately for the perfect fit.

Store on the worktop

### Compo™ 4 Easy-fill food waste cadd

Design registered

This slimline food waste caddy has been specifically designed to make collecting food scraps easier. It features a convenient flip-up lid and an extra-wide aperture, ideal for capturing food waste scraped directly from plates. An adjustable air vent in the lid can be opened to allow moisture to escape - thereby reducing odour build up - or closed to provide a barrier to insects in hotter climates. The slender design is perfect for storing on the worktop or inside a cupboard and it comes with its own bracket for mounting on a cupboard door. Suitable for use with Joseph Joseph IW2 custom-fit liners.

Wash and dry by hand.

# Laundry

## Tota Easy-empty laundry basket

Design registered

This smart laundry basket features a host of practical features that help make wash day less of a chore. Beneath the lid it has two fabric tote bags allowing you to separate washing into light and dark/coloured fabrics. Each bag has handles at the top enabling you to conveniently lift and carry it straight to the machine and a helper handle on the base to make emptying easier. When replacing each bag in the basket there's no fiddly ties or buttons to do up either as the self-locating rim ensures it drops perfectly back into place, ready for the next load. The stylish fabric exterior is designed to compliment a range of interior styles and decors making it perfect for storing in the bathroom, bedroom or utility room.

Available in two sizes and two colours, it comes flat-packed with full assembly instructions.

## Glide

### Easy-store ironing board

Design registered

Conventional ironing boards are notoriously cumbersome household items. When removing from cupboards, their legs and feet can easily snag on door frames or other items and they can be awkward and noisy to set up.

Glide is a revolutionary, full-size ironing board with a unique stand design that makes it more compact when stored than a conventional ironing board. When folded, the innovative leg mechanism means both sets of feet nest neatly together at one end of the board, making it less likely to snag when removing from storage. A large handle on the back makes carrying easy and this also doubles as a secure hanging point when used with the specially designed bracket (included), meaning it can be stored off the floor on the back of a door or inside a cupboard.

With Glide, set-up is smoother too. Simply grip the handle, press the release lever on the underside and swing the tip of the board up to horizontal. The height can then be adjusted to seven different positions using the release lever, from 84 cm (33 inches) up to a maximum of 99 cm (39 inches).

Glide comes in two variants. The first features a cover with a 100% cotton top-layer, a heat-resistant silicone iron rest, a padded felt underlay and an easy-change toggle. The second - Glide Plus - comes with an advanced, multi-layer cover with DripShield™ Technology that's been designed to cope with large volumes of ironing or for use with steam generator irons. See replacement cover listings for more details (page 154).

Frame guaranteed for 5 years against manufacturing defects.

## Pocket Folding table-top ironing board

Design registered

Compact ironing boards are a great option if you have limited storage space or just want to quickly iron one or two items. But this condensed board takes ironing convenience to whole new level with its innovative design.

For a start, it folds neatly in half and comes with its own hanging hook that can be mounted onto a wall or door, making it really compact and easy to store. It also features a special compartment for storing your iron, which saves valuable space elsewhere and keeps everything you need for this household chore together in one place.

Set-up is fast and easy too, with its quick release locking toggle and folding legs with non-slip feet. Once open, it has a generous ironing surface with corners perfectly shaped for shirts, trousers, dresses and more.

It comes in two variants. The first has an easy-change, perfect-fit cover comprising a 100% cotton top-layer and a thick padded felt underlay for super-smooth ironing. The second - Pocket Plus - comes with an advanced, multi-layer cover with DripLock™ Technology that's been designed to cope with larger volumes of ironing or for use with steam generator irons. See replacement cover listings for more details. (page 154).

(90 x 30 cm)

Design registered

This replacement cover features a 100% cotton top-layer with a thick padded felt underlay. Elasticated sides make it easy to change and ensure it's the perfect fit. It's suitable for use with Joseph Joseph Pocket ironing boards 90 x 33 cm (35.4 x 13 inches).

Pocket ironing board cover  
**(50011)** Grey  
**Dimensions** For ironing boards 90 x 33 cm (35.4 x 13 inches)  
Ironing surface 90 x 33 cm (35.4 x 13 inches)

**Glide Plus**  
Advanced ironing board cover (130 x 38 cm)

Design registered

This advanced, multi-layer cover features DripShield™ Technology that's been designed to cope with large volumes of ironing or for use with steam generator irons. Firstly, it has a 100% cotton top-layer with a built-in, heat-resistant silicone iron rest. Beneath that is a 3D spacer mesh, which allows steam to flow freely across the board making ironing quicker. Next, a highly-absorbant padded felt layer prevents water dripping on the floor whilst a breathable base layer below allows excess moisture to wick away. With it's cord toggle, the cover is also quick and easy to change. This replacement cover is suitable for Joseph Joseph Glide ironing boards 130 x 38 cm (51.1 x 15 inches).

Glide Plus advanced cover  
**(50008)** Blue  
**Dimensions** For ironing boards 130 x 38 cm (51.1 x 15 inches)  
Ironing surface 108 x 38 cm (42½ x 14.9 inches)

**Pocket Plus**  
Advanced ironing board cover (90 x 30 cm)

Design registered

This advanced, multi-layer cover features DripLock™ Technology that's been designed to cope with larger volumes of ironing or for use with steam generator irons. It has a 100% cotton top-layer with a thick padded felt layer underneath, for super-smooth ironing. Below that is a 100% waterproof base layer to prevent any excess water from dripping. With it's elastic edges, the cover is quick and easy to change and always fits perfectly. This replacement cover is suitable for Joseph Joseph Pocket ironing boards 90 x 33 cm (35.4 x 13 inches).

Pocket Plus  
**(50012)** Blue  
**Dimensions** For ironing boards 90 x 33 cm (35.4 x 13 inches)

## EasyStore™ Shower caddies

Design registered

These compact shower caddies take the hassle out of shower storage. They hold all your shower essentials, such as soap and shampoo bottles, and features hooks for razors, sponges and flannels. Some also feature a hinged, shatter-resistant acrylic mirror. Their shelves lift off the fixing brackets, making them very easy to clean, and they're quick and simple to install using their powerful, super-grip suction cups. This also means they're fully repositionable without damaging your wall or tiles.

Wash and dry by hand. Available in a range of sizes and formats.

Easy tool-free installation using super-grip suckers

Lift-off shelf for easy cleaning

Self-draining design

## Flex™ Toilet brush

Design registered

Conventional toilet brushes hold dirt and liquid, making them messy and unhygienic to use and clean. Also their bristles can distort and wear, meaning they need to be replaced regularly. Flex™ is a revolutionary toilet brush designed to solve all these problems. It features a flexible, D-shaped head that reaches all areas, even under the rim. It has widely spaced bristles that prevent dirt clogging, allow liquid to drain quickly and are more durable than conventional-style bristles.

Flex™ is available in several versions and comes with a slimline holder for neat, hygienic storage. Flex™ Plus - features a holder with a discrete, storage caddy, for keeping cleaning products or aerosols out of sight. Flex™ Store - features an extra-large caddy, which can hold up to three spare toilet rolls or a large cleaning bottle

Brush and holder - clean with bleach or hot soapy water.

Conventional Toilet brush

- Hard to reach all areas
- Drips between cleaning and storing
- Clogs easily and hard to clean
- Bristles distort over time

Flex™ Toilet brush

- Unique flexible design reaches all areas, even under the rim
- Anti-drip: less dripping between cleaning and storing
- Anti-clog: wide bristle spacing ensures dirt rinses off easily
- Durable bristles

## Flex™ Wall Wall-mounted toilet brush

Design registered

Flex™ is a revolutionary toilet brush that features a flexible, D-shaped head and widely spaced bristles that allow liquid to drain quickly, preventing water from dripping on the floor and dirt from clogging. As well as being more hygienic, the specially designed bristles are also more durable than those on conventional toilet brushes. This version of Flex™ comes with a smart wall-mounted holder, which saves valuable floor space and makes cleaning easier. Installation instructions, screws and fixings included.

Brush and holder - clean with bleach or hot soapy water.

Stainless-steel shaft and holder trim

Flex™ Wall  
(70528) White  
Dimensions H43.5 x W10 x D8 cm  
(H17 x W4 x D3¼ inches)

Discrete drawer for sanitary items

EasyStore™ Steel Wall-mounted toilet roll holder  
(70529) White  
Dimensions H6 x W28.5 x W11 cm (2½ x 11¼ x 4½ inches)

## EasyStore™ Steel Wall-mounted toilet roll holder

Design registered

As well as holding a toilet roll, this smart wall-mounted holder has several additional features. For a start, it has a handy storage shelf for placing small items on, such as a mobile phone, book or small toiletry items. It also includes a small drawer that's perfect for discretely storing sanitary items. Lastly, it has a friction-grip roll holder that helps prevent the roll from unravelling too quickly and a stainless-steel trim with a fingerprint-resistant coating. It mounts easily to the wall and comes with its own bracket and screws. Installation instructions, screws and fixings included.

Wipe clean with a damp cloth.  
Maximum shelf load 1 kg.

## EasyStore™ Toilet paper stands

Design registered

These freestanding toilet paper holders feature a clever dual-purpose storage shelf. The stainless-steel top provides a convenient surface for placing small items, such as a mobile phone or book, whilst the curved base conceals a secret storage compartment that's perfect for keeping sanitary items conveniently within reach, but discretely out of sight. A silicone strip on the main roll holder provides resistance when tearing and prevents the paper from unravelling too quickly. A weighted base ensures good stability and a fingerprint-proof coating on the stainless-steel shelf helps keep this free from marks.

The design comes in two versions; the first provides space for storing up to 4 toilet rolls and the second features a Flex™ Steel toilet brush, which stores neatly in the base.

Wipe clean with a damp cloth. Assembly instructions and allen key included.

EasyStore™ Toilet paper stand holds up to 4 rolls

Shelf for small objects

Discrete compartment for storing sanitary items

Friction-grip roll holder prevents unravelling

Compartments vary in size, depth and shape

## Slim™ Compact soap dish

Design registered

Conventional soap dishes are difficult to keep clean and take up a large amount of space around the sink. This clever, compact design features an angled base, which means it can hold a full-size soap bar in less space. It also allows excess water and soap suds to drain neatly out of sight. It features a ventilation hole for quick drying, a non-slip base and can be dismantled for easy cleaning.

Wash and dry by hand.

Ventilated for quick drying

Dismantles for easy cleaning

Slim™ Steel

**(70533)** White

**Dimensions** H4 x W8 x D9 cm

(H1½ x W3 x D3½ inches)

### Presto™ Steel

Hygienic soap dispenser

Design registered

This hygienic soap dispenser features an extra-large pump head which makes it easy to operate with the wrist or forearm when your hands are messy. A transparent window in the base shows when you need to refill and the non-slip base keeps the unit in place during use. Features a fingerprint-resistant stainless-steel finish.

Large capacity: 350 ml (12 fl oz).  
Wash and dry by hand.

Large easy-push pump head

Suitable for all types of liquid hand soap

Presto™ Steel  
(70532) White  
Dimensions H16 x W8 x D8 cm (H6¼ x W3¼ x D3¼ inches)

### Slim™

Compact soap pump

Design registered

With space at a premium around most sinks, the narrow footprint of this stylish soap pump means it takes up less room without compromising on capacity. It features a non-drip nozzle and an easy-push pump head and holds up to 350 ml (12.3 fl oz) of liquid soap.

Wash and dry by hand.

Non-drip nozzle

Easy to fill

Fill-level window

Slim™ Compact Soap Pump  
(70503) Blue  
(70512) Grey  
Dimensions W6.2 x D9.1 x H14.1 cm (W2½ x D3½ x H5½ inches)

### EasyStore™

Slimline squeegee with storage hook

Design registered

This compact shower squeegee comes with its own storage holder that attaches securely to tiles or a glass shower screen via a suction-cup on the reverse. Not only does it provide a secure place to store the squeegee, it also has an additional hook beneath for hanging a range of bathroom accessories, such as sponges, back scrubbers or cleaning cloths. The squeegee has a comfortable handle and a full-width blade for precision cleaning of glass and tiled surfaces.

EasyStore™ Slimline squeegee with storage hook  
(70560) Grey  
Dimensions H20.5 x D3.2 x W25 cm (H8.1 x D1.25 x W9.8 inches)

Slimline, space-saving design

Flexible blade for precision cleaning

Storage hook with suction-cup for attaching to tiles or glass

### EasyStore™

Compact shower squeegee with hanging hook

Design by DonaldWentworth  
Design registered

Conventional bathroom squeegees can be unsightly and awkward to store. This neat, slimline design, however, is easy to use and even easier to store. It features a flexible silicone blade for precision cleaning and a handy hook for hanging over a shower screen or shelf.

Suitable for wiping glass, mirrors and tiles.

Wash and dry by hand.

EasyStore™ Compact squeegee with hanging hook  
(70535) Grey  
Dimensions H25 x W5.3 x D4.5 cm (H9¾ x 2¼ x 1¾ inches)

Suitable for wiping shower screens, mirrors and tiles

Integrated hook

Slimline, space-saving design

Flexible silicone blade for precision cleaning

# Merchandisers & POS

## Split™ 6 Steel Recycler

Design registered

Many bathrooms and bedrooms have limited space, so having a separate bin just for recycling is rarely an option. Split™ 6 Steel provides the perfect solution as it's divided into two compartments, allowing you to separate recyclable and non-recyclable waste within one compact design. The unit features hands-free pedal opening, soft-close lids and a fingerprint-proof stainless-steel body. It also has removable buckets for easy emptying with liner-retaining holes that prevent the liner from slipping during use. The deep rim of the lid also helps to hide any messy liner overhang. Suitable for use with standard 3-litre liners.

Total capacity 6 litres (1.6 US Gallons).

Main body - Wipe clean with a damp cloth. Do not use abrasive cloths or strong chemical cleaners. Buckets - wash with hot, soapy water.

Compact space-saving design

Fits standard 3-litre liners

Liner retaining holes to keep plastic liners in place

Split™ 6 Steel Recycler  
**(70520)**  
**Dimensions** H27.2 x W28.3 x D22.7 cm  
(H10.7 x W11.1 x D8.9 inches)

## Split™ 8 Recycler

Design registered

Split™ 8 also features two compartments for separating waste. The smaller compartment has a removable bucket for easy emptying and can be used with or without a plastic liner. Total capacity 8 litres (2 US Gallons).

Wash and dry by hand.

Removable inner bucket

Split™ 8 Recycler  
**(70505)** Blue  
**(70514)** Grey  
**Dimensions** W21 x D21 x H28 cm (W8¼ x D8¼ x H11 inches)
