## GREENLEAF CARES

We are celebrating the core of the brand and coming full-circle as an organization that cares for and supports women by launching the Greenleaf Cares initiative. Through Greenleaf Cares, a portion is donated to organizations to help break the cycle of human trafficking, the fastest growing crime in the world. We are partnering with organizations who are leading the fight to demonstrate our commitment to cultivate change and raise awareness. Our current non-profit partners are Switch and Restavek Freedom.

---

This season, Greenleaf is boldly embracing its promise to be every day for every woman. Through our passionate and talented team of in-house perfumers, artists and product development researchers, Greenleaf continues to deliver quality fragrance solutions for the modern lifestyle.

At the root of our brand DNA, spurred by co-founder, Sylvia Caldwell, is our commitment to be a blessing to others, especially women. Greenleaf is fervent to be cultivating change through its Greenleaf Cares initiative. A portion of sales is donated to organizations committed to breaking the cycle of human trafficking, the fastest growing crime in the world.

We believe in creating scent solutions that ignite change at home and abroad. Join with us in making an impact through fragrance with purpose.

Our original product is offered in three sizes, providing a solution for every fragrance need. Our sachets are still eco-friendly, have multiple home uses, and are made in South Carolina, USA.

## Testers Are the Answer

Testers are key to building a successful Greenleaf business at your store. Burn, warm, spray and diffuse fragrance in testers to allow customers to experiment with new fragrances and experience how our products work first hand. By placing testers in the washroom and around the store, customers will immediately want to know “What’s that great smell?” We also recommend using slim sachet giveaways as shopping bag stuffers and establishing a “signature” Greenleaf fragrance at your store.

## Aroma Diffuser

The Greenleaf Aroma Diffuser uses ultrasonic technology to instantly vaporize water and essential oil to produce a cool, dry, fragrant mist. The amount and intensity of the mist produced will vary due to water type, humidity, temperature and air currents. The unit will not work without water. Only Greenleaf pure essential oils should be used in this product. Use 2-3 drops per 100 ml water at a time.
