Inventive Tools for Everyday Tasks

Joseph Joseph

It all started with a chopping board

When twin brothers and product designers Antony and Richard Joseph founded Joseph Joseph in 2003, their very first products were a range of colourful glass chopping boards. Since then, the brand has built a reputation as one of the world's most innovative housewares brands. Their ability to blend inventive design with contemporary styling and a distinctive use of colour is unique within the industry.

World-class UK design team

Joseph Joseph's head office in the centre of London houses a state-of-the-art design studio with a highly skilled in-house team that work with leading UK product design agencies.

Since 2003 the business has won numerous accolades and awards that include 14 Reddot Design Awards and two Queen's Awards for Enterprise, presented by HRH The Princess Royal.
